

# LOCAL TALENT WATER SKI SHOW HERE DEC. 20

Ninety minutes of water skiing artistry, skill, precision and buoyancy will be exhibited off K-Bay shores Sunday, Dec. 20, beginning at 1 p.m.

Sponsored by Station Special Services and under the direction of AMSgt. Lambert G. Vogel, the show

will be put on by talented local Leathernecks and dependents.

The show is free of charge and is open to all members of the Armed Forces, their dependents and all island residents.

Vogel, water ski impresario and former operator of two water ski

schools in Jacksonville, Fla., promises that the show will be one of the finest ever staged around Oahu.

Site for the show will be the shoreline between the old seaplane ramps on the bay-side of the HMR-161 area. Bleachers will be erected for the convenience of spectators and

parking will be available in the immediate vicinity.

Fourteen colorful acts of derring-do, symmetry, timing and balance are scheduled.

## SANTA CLAUS

Santa arrives via jet sea sled assisted by two young helpers on skis.

## ALOHA ROUTINE

Five girls, clad in hula skirts and wearing leis, will open the show with flying pennants that spell out Aloha.

## SHOE SKIS

# Red Devils Victors at Air Weapons Meet

**GUNNERY CHAMPS** — Pilots of VMF-232, winners of the 1959 All-Navy Day Fighter Gunnery Meet held at Yuma, Ariz., returned to K-Bay Wednesday. Landing in an R5D with a plane load of squadron pride and trophies won at the meet, the airmen were greeted by Brig. Gen. R. G. Weede, Brigade commander, and Col. W. H. Thrash, MAG-13 commander, in addition to other brigade and station officials, families, and friends. Left to right, Lt. R. J. Pederson, Capt. C. F. Bergstrom, Lt. Col. L. H. Steman, Gen. Weede, Col. Thrash, Lt. G. A. Davis, and Capt. R. L. Iverson. (Photo by ASgt. Bruce Hamper)

## Garner Top Two Trophies In Day Fighter Category

Pilots of Marine Fighter Squadron-232, Marine Aircraft Group-13, rode their F8U Crusader jets to a 9,797 point victory in their category in the Navy's fourth annual air weapons meet which ended last Friday at Yuma, Ariz.

In winning the Earle Trophy, the "Red Devil" Squadron outstripped its nearest competitor by 4,217 points in the Day Fighter category.

### HIGH INDIVIDUAL AWARD

Another honor went with the crown. First Lieutenant Gary A. Davis of the K-Bay squadron scored 4,300 points to take the high individual award in the same category. Another "Devil" pilot, Capt. Ron Iverson, took the second high individual award.

To win the laurels in the meet, dubbed "Operation Top Gun," the local Marine pilots downed Navy Fighter Squadron-84, Oceana, Va., which scored 5,580, and Marine Fighter Squadron-235, Beaufort, S. C., 4,427.

### OTHER TEAM MEMBERS

Other pilots whose shooting helped win the team award were Lt. Col. L. H. Steman, VMF-232 commanding officer; Capt. C. F. Bergstrom, 1st Lt. W. G. Kilbreth and 1st Lt. R. J. Pedersen.

In addition to the pilots, a total of nearly 30 ground officers and enlisted personnel of VMF-232 kept the Red Devil Crusaders in top operational condition for the victory at Yuma.

Squadrons from the Pacific Fleet won four of the six championships and shared individual scoring honors with the Atlantic Fleet, each winning three.

An official Navy release from the Marine Corps Auxiliary Air Station at Yuma described the Red Devil victory as follows:

"In the day fighter events in which F8U Crusader pilots fired Sidewinder missiles at the Point Mugu range, and on banner targets over the Chocolate Mountain range north of Yuma, VMF 232 of Kaneohe Bay ran away from other competition taking a convincing lead on the first day of firing and breezing to a (more See RED DEVILS, Page 3

## K-Bay Fury Jets Trans-Pac Flight Historical Event

Four Marine pilots carved another niche in the crowded annals of Leatherneck history when they landed their FJ-4B single-seat fighter planes at Naval Air Station, Alameda, Calif., Dec. 3 and 7.

Their landings signaled the first time that a Navy or Marine Corps single-engined jet had flown non-stop from Kaneohe Bay to the West Coast set-down point. Upon completion of the 2081-mile journey, each plane still carried 2000 pounds of fuel.

Making the successful one-hop flight possible, was a double in-flight refueling operation performed by six other Furies rather than the large tanker-type planes normally used in distance flights.

Continued on Page 3

**HONORS**—Lt. Gen. Thomas A. Wornham, left, Commanding General, Fleet Marine Force Pacific, and Col. M. M. Magruder, right, Commanding Officer, Marine Corps Air Station, Kaneohe Bay, salute as honors are rendered during the visit by Gen. Wornham to the air station Wednesday.

### Christmas Trees On Sale Tomorrow

About 500 Christmas trees arrived at K-Bay this week and will go on sale tomorrow from 9 a.m. to 4 p.m.

The trees will be sold at the Marine Exchange Warehouse, Bldg. 271. This building is located adjacent to the Station football field near the Station Training Building.

### Yuletide Message Service Offered

K-Bay Marines and their dependents are again reminded that they may take advantage of the facilities of the Station Amateur Radio Station to schedule phone "patches" and send Yuletide messages.

There is no charge for the service which is made available through this Special Services amateur radio station located across from the EM Club.

Requests for patches and Christmas messages may be filed at the Amateur Radio Station weekdays from 8 a.m. to 4 p.m. Patrons are asked to refrain from phoning in requests to the Radio Station. The reason for this is that this ties up phones and personnel who might

## K-BAY BOATING REGULATIONS EASED BY WASHINGTON ORDER

Regulations governing the operation of privately owned boats in the Kaneohe Bay area have been greatly relaxed according to an announcement by Col. M. M. Magruder, station commanding officer.

Under the new regulations, private boat owners are no longer required to have their boats inspected and registered with the Station Provost Marshal a procedure that has been enforced for the past 18 years.

The relaxation of K-Bay boating regulations stems from a recent request made by Col. Magruder to higher military authorities who have been charged with the enforcement of orders issued at the outbreak of World War II.

After a local study of boating regulations established in 1941 by a special presidential instruction, Col. Magruder requested a relaxation of the stringent orders that once were considered a necessary war-time security measure.

A letter from the Chief of Naval Operations recently received here approved Col. Magruder's request and relaxed the war-time controls. They may be reinstated at some future date if a situation develops

requiring tighter control of the strategic waters.

According to the new regulations, private boat owners are only required to remain outside a 500-yard buffer zone surrounding the air station. This requirement has been enforced right along for military security reasons and for the safety of boat operators. The latter has always been of great concern to the Station command.

Heavy air traffic, especially the low-level approaches to the main runway and GCA (Ground Control Approach) runway, constitute real hazards to boats operating near the two points. Also, an impact area which extends northward from Ulupau Head is considered extremely hazardous because of the live firing conducted on Station target ranges in that area.

The 500-yard buffer zone extends from Kapoho Point in Kailua Bay, opposite the main gate of the air station, around Mokapu Point, Pyramid Rock, along the entire western shore of the air station up to and including the Nuupia Ponds.

Military personnel on active duty or in a retired status are authorized to launch their boats from

### Don't Dismiss All Drives As Being 'Just Rackets'

Each of us has his financial problems, and when they become pressing there's a human tendency to greet any plea for funds from organized charity with exasperation.

How often have you heard service people say, "They never stop hitting you with their hand out. All this gimmie-gimmie is just a racket."

But, of course, all of it isn't. The Red Cross, the Community Chest, the Federal Service Campaigns and other reputable charities have fine records of accomplishment, and the people who administer them are not in it for profit. Anyone who tries to convince himself they are should stop kidding. He's just looking for an easy out.

*The charities that get official support from the services do an enormous amount of good in helping the sick, the disabled, the unfortunate. And the three service relief societies have helped millions of men in uniform, quickly and generously, when they needed help the most. No serviceman with a legitimate financial problem ever had to turn in desperation to a loan shark.*

Giving is good. The man who supports nationally known and respected funds drives as generously as he is able feels a sense of accomplishment. Somewhere, somehow, another human being will benefit because he answered the call. To know that and take pride in it is reward enough.

If you can't afford it—well, you can't. Nobody's going to club you into giving. But don't delude yourself by giving all organized charity the label of "racket." You may keep someone else from donating to a worthy cause. (AFPS)

## The Legal Beagle Says

### Facts on Installment Buying

#### Facts on Installment Buying

Are you familiar with the expression "A champagne appetite on a beer pocketbook?" I am sure many of you realize these words describe a man who cannot resist living beyond his means. He sees something for sale. He wants it badly. He buys on time. He repeats the process frequently. Soon he is hopelessly in debt. Not so long ago there was a Marine in this command whose monthly payments on his installment purchases totaled more than his monthly pay, by three dollars.

Now there is nothing wrong with installment buying as such, provided you use it wisely and clearly understand the obligations you assume under an installment contract.

#### INCOME AND OUTGO

The first rule to follow, when considering installment buying, is very simple. Don't buy on time unless you know you will have the money to pay ALL installments. This means you must plan; know what your income is; know the amount of your regular living expenses: food, shelter and clothing. The only amount of money you can obligate is what is left over after essentials are satisfied.

You must realize that nearly every installment contract provides for repossession of the item purchased without a court order, in case you fail to meet your payments. It also provides for collec-

tion costs and attorney fees in case the seller must enforce the contract against you. Most contracts provide that the whole amount specified in the contract comes due if you miss one payment.

#### REPOSSESSION COSTS

You are also liable for any deficiency in case an article is repossessed, that is you are liable for the difference between the contract price (plus collection costs and attorney fees) and the amount the repossessed article brings on resale.

Remember also that installment contracts include the cost of interest, carrying charges and insurance in addition to the basic purchase price of the article you buy. Be sure of the total amount for which you are obligated is stated in the contract before you sign it. SIGN NO BLANK CONTRACTS. If the seller insists you sign a blank contract, do not go through with the deal.

#### ASSISTANCE AVAILABLE

Seek advice from someone beside the seller if you do not understand a contract. Any reputable businessman will be glad to allow you to bring your contract to a legal assistance officer (a lawyer) for an explanation of its terms.

Whatever you do, use common sense. Don't let your enthusiasm to own that car, that set of books or that deep freeze, blind you to the obligation you are going to assume. Be sure you can pay before you buy.

## Chaplain's Corner

By Chaplain K. W. Carlson

This is the season of expectation, faith, hope and good cheer, yet, in all the world there are great numbers of persons living within a shell of despair, doubt, pessimism, skepticism and disbelief.

Gamma I. Bradford, though a brilliant writer and linguist, was one of the latter. He stated, "Here I am, old, decrepit, and decayed... I do not know what life is..." Schopenhauer, a renowned pessimist stated, "This is the worst possible world... the best would be if all were annihilated."

Voltaire, a disbeliever who had received the praise of multitudes wrote, "... the crowd of humans is nothing but a horrible assemblage of unfortunate criminals... I wish I had never been born!"

Certainly in the expressions of these men there is nothing of hope or cheer; nothing of faith or goodwill. Hopeless we would be if the teachings of those men contained the "gospel" for today. Let me direct our attention to the words of a far different group of people whose outlook on life and death was revolutionary.

Michael Angelo said, "My soul I resign to God, my body to the earth, and my worldly possessions to my relations; admonishing them that through their lives and in the hour of death they think upon the sufferings of Christ."

Sir Walter Scott stated, "There is but one Book; bring me the Bible, God bless you all."

Lady Jane Grey, a young Christian martyr who was beheaded at age 17 said in her last words, "Lord, into Thy hands I commend my spirit."

And John Bunyan, the author of Pilgrim's Progress stated in his final words before he died, "Weep not for me, but for yourselves. I go to the Father of our Lord Jesus Christ."

Now it is good that we ask ourselves which group we belong to. If we say we are of the first group then we are doomed to a certain eternal hell. If we count ourselves with the second then a further question must be asked: does our daily life and influence indicate that the faith and hope of God is within us; does God know that we are on his side; how do we indicate this?

No Christian in the military should ever fail to attend chapel or church except for real sickness or duty. We do not reveal God by utilizing Sunday mornings for golf, boating, tennis, swimming, reading the funnies, washing the car and the like. Let us join the host of faithful ones who have gone before us! let us insure that on our final eternal "inspection day" we do not come up waiting.

## Enlisted Men's Wives

Members of the K-Bay Enlisted Wives Club met at the EM Club Tuesday evening. During the business meeting, final plans were made for the children's Christmas party to be held Dec. 19.

It was stressed that members must present membership cards at the door when they escort their youngsters to the party.

The Constitution and By-Laws of the new club were voted on and accepted by the membership at the meeting. A general election will be held in January.

Reservations for the couples Christmas dance, Dec. 19, are being taken by the following ladies: Kailua area, Beverly Radar, 250-952, and Pat Mixer, 266-353; Kaneohe area, Joan Aroune, 243-557 (after 6 p.m.), and Sue Cowan, 242-208; MCAS, Pat Dunlop, 73-467, and Joyce Delaney, 72-447.

## The Inquiring Photographer

By PFC. CHARLES A. LUND

Your inquiring photographer visited Truan Arena last Sunday to witness the first of a series of "buckouts" slated to be held once a month. Our question, "What do you think of this new Special Services activity?"

LCDR. W. F. JUNK, Asst. Operations Officer, Barber's Point — "I think it's a very beneficial idea for the cowboys' sake. It gives the novice rider the experience he'll need to compete in a big-time rodeo. The 'buckouts' are also entertaining attractions for the spectators."

PVT. BOB WOMACK, Recon Co., 4th Marines — "The annual rodeo at MCAS has always been a popular attraction and I believe that the 'buckouts' will furnish some exciting entertainment for rodeo fans and better competition in future full scale rodeos."

LOCO — "I'm a horse that likes people, and nothing would make me happier than to see some big crowds out here to witness the 'buckouts.' And too, I get a big kick out of chasing after the calves in the calf roping events."

POWDER FACE — "When I first heard about the idea, I said to myself, oh, no. I didn't want any more to do with those rough riding cowboys. But after spilling them all over the arena last Sunday I realized that it was a lot of fun, and now I'm looking forward to the next 'buckout.'"

CAPT. DAVID TOLLE, I-4 — "I think that this new Special Services activity will be terrific for bringing people out for a different type of entertainment as well as adding to the experience of hopeful cowhands."

DEE GIBSON, popular rodeo figure — "I think that these monthly 'buckouts' will be constructive to the sport of rodeo riding here on Oahu. The contestants and stock need practice just as other athletes do to keep in shape for the sports."

## Pfc J. Hinson Leads Radio-School Grads

Twenty-four Marines graduated from the 1st Marine Brigade Communications School during formal ceremonies Friday, Dec. 4.

The three high men in the graduating class were Pfc E. Hinson of 3rd Bn., 12th Marines, who placed high in the class with a 82.65; LCpl. Maurice J. Woulfe, of 2nd Bn., 4th Marines and Darrell G. Elliott also of 3rd Bn., 12th Marines.

Chaplain H. R. Miller gave the invocation and benediction, Capt. R. J. Lyons, director of Brigade Schools, presented the introductory talk to the graduates and Capt. D. S. Tolle, Communications officer for 1st Bn., 4th Marines, was guest speaker.

Brigade Communications School, under the leadership of AMSgt. V. I. Bowen, is a five-week course.

**SIGN AND ALL** — Not only did the airmen of VMF-232 return with a plane load of trophies following the 1959 Naval Air Weapons Meet held at Yuma, Ariz., but they also brought home the sign posted at the meet to greet pilots from the major aviation commands participating in the competition. The Red Devil pilots won the Day Fighter competition as well as first and second place individual awards in this phase of the meet. Five pilots of the squadron competed, including LtCol. L. H. Steman, C.O.

**HIGH INDIVIDUAL** — 1stLt. G. A. Davis, high individual in the Day Fighter Aerial Gunnery Meet held at Yuma, Ariz., is greeted by his wife upon his return here Wednesday, Dec. 9. Lt. Davis holds one of the many trophies won by VMF-232 during the gunnery meet. (Photo by ASgt. Bruce Hamper)

**K-Bay Scouts Reap Large Harvest During 'Toys for Tots' Collection**

Results of last Saturday's "Toys for Tots" house-to-house campaign by members of MCAS' Boy Scout Troop 225 were listed as "most gratifying."

Scout aid in the drive was requested at a late date and personnel living in Station quarters had only a one day advance notice of the collection through a story in the WINDWARD MARINE. Despite the short notice, K-Bay families were exceptionally generous in giving toys.

Scoutmaster Don Kerns' "collection vehicle" was filled to the brim four times before the drive ended. The Marine Reservists from Pearl Harbor, sponsors of the Toys for Tots campaign in the Islands, sent a truck this week to pick up the toys.

The Scout Committee, Scoutmaster Kerns and all Boy Scouts wish to extend their thanks to all families residing on Station for their generous contributions. They noted that the donors can rest assured that their generosity will make many of Hawaii's underprivileged youngsters happy on Christmas morning.

**MX Longer Hours Sat., Dec. 12 and 19**

Both K-Bay Marine Exchange Stores, the Beverage Sales Store and Toyland will be open until 4 p.m. tomorrow and next Saturday, Dec. 19.

The stores will open at 9 a.m. both days. These additional hours of operation are for the convenience of Christmas shoppers.

Patrons utilizing the lay-away plan at Toyland are reminded that final payments must be made not later than Dec. 21.

These youngsters might have been disappointed had K-Bay's families been less generous.

As a reminder, there is still time to contribute to the Toys for Tots campaign. Collection containers are located at both MX Stores. In addition, there will be another cartoon movie showing tomorrow at Station Theater No. 1, beginning at 10:30 a.m. Admission to the 90-minute fun show is one toy for the Toys for Tots campaign.

**Ellis Commended At Merit Mast**

ASSgt. Ted C. Ellis, of MABS-13, was awarded a meritorious mast last Friday for exceptional and commendable performance of duties while assigned to the Station Public Works department.

The meritorious mast was conducted by Lt. Col. Russell L. Janson, MABS-13 commanding officer.

The citation, which accompanied the meritorious mast, read in part: "SSgt. Ellis, your outstanding performance of duty has been brought to my attention and I wish at this time to commend you for the way in which you have shown the qualities so necessary in a Marine staff non-commissioned officer . . ."

SSgt. Ellis' foreman wrote that "SSgt. Ellis has been assigned for the past five months as NCO-I-C of the Public Works Marines . . . he has shown his willingness to perform all types of work including unpleasant tasks . . . SSgt. Ellis has done much to promote a mutual understanding between the military and civilians assigned here."

**RED DEVILS 'TOP GUNS' IN AIR MEET**

Continued from Page 1  
(than) 4,000 point victory over their nearest rivals. . . ."

**AWARDS PRESENTED**

Awards were presented at Yuma by VAdm. Robert Pirie, deputy Chief of Naval Operations, and VAdm. Clarence E. Ezkstrom, commander of the Pacific Fleet Naval Air Force.

A congratulatory message to VMF-232 from the Chief of Naval Operations stated:

"Congratulations on your outstanding performance in winning the day fighter phase of the Naval Air Weapons Meet. In winning the Earle Trophy you have demonstrated the highest level of combat capability with both guns and missiles. This victory is particularly noteworthy in view of the transition in less than one month to the F8U-2. Congratulations also to 1stLt. Davis, winner of the Bayer Trophy, and Capt. Iverson who placed second in the individual standing. Well done."

**Staff NCO Club**

**TONIGHT**

Happy Hour begins at 4 p.m. The Harmony Islanders furnish the tunes for the 9 to 1 dance, and the one dollar dinner specialty tonight is seafood.

**SATURDAY**

More dancing tonight with the Stereos playing. The dance session starts at 9 p.m., secures at 1 a.m.

**SUNDAY**

The dinner bell rings at noon with breaded pork chops selected as the one dollar special. The children eat at half price.

**MONDAY**

Nothing special today, but the bar and grill are open for business as usual.

**TUESDAY**

Celebrate pay day by coming in today for Happy Hour, 4 to 7 p.m. And remember; there are only eight days left for Christmas shopping.

**WEDNESDAY**

The Toastmasters gather 'round tonight at 7 p.m. for their weekly get-together.

**THURSDAY**

Dance instructions are on tap tonight at 8:15 p.m. Be it a waltz, samba or Charleston, a lot of fun will be had by all.

**PROV. MARSHAL CONCERNED WITH SAFETY OF CHILDREN**

The Station Provost Marshal announced a great concern this week over the safety of children, and the responsibility of parents in this respect.

Parents were reminded of this responsibility because of reports concerning unsafe practices in which children have been engaged in aboard the station recently.

An alarming increase has been noted in cases concerning unattended dependent children; and youngsters playing in hazardous areas.

Some of the most common hazardous incidents in which children have been observed engaged in recently are playing in the street, bicycle riding in a hazardous manner in streets, and children playing in construction areas and condemned buildings.

In addition, many children have been observed playing inside dumpster dumpsters and in parking lots. There have also been several reported incidents of parents leaving children under 7 years of age unattended in vehicles, and leaving children under 10 years of age unattended in swimming pools.

Parents are reminded of their responsibility for proper control of their children and of the necessity for impressing upon them the absolute requirement for observance of proper safety precautions.

The Commanding Officer of the Marine Corps Air Station has directed the Provost Marshal to enforce the contents of Station Order 5101.3B, and to apprehend children discovered under circumstances outlined and related in the order, and to

turn the children over to their parents.

Reports will be forwarded to the Commanding Officer of the military parent concerned.

**Officers Club**

**TONIGHT**

Highlight of the night is Happy Hour, 4 to 6 p.m., and then comes dinner, 7 to 9 p.m. The couples bar is open from 5 'til 7.

**SATURDAY**

Dinner tonight, 7 to 9 p.m. The Barons of Basin Street play for the Balloon Dance, 8 to 11 p.m. Lots of fun to be had by all, so come on in.

**SUNDAY**

TV day for the kiddies begins at 5:30 p.m. A family buffet follows and dancing to the sounds of the Stereos completes the pleasant evening.

**MONDAY**

When in Hawaii, do as the Hawaiians do. And today it's the hula. The youngsters classes start at 3 p.m. with the teens following at 4. Adult classes begin at 9 a.m.

**TUESDAY**

The Toastmasters begin their luncheon today at 11:30. Lunch goes as usual for all from 11:30 'til 1 p.m.

**WEDNESDAY**

Dance class goes tonight at 8 p.m. for the toe-tappers. The lower lanai will be the scene for the "O" Wives Coffee at 9:30 a.m.

**THURSDAY**

Bar hours today are 4 to 11:30 p.m., and lunch goes right on time at 11:30 a.m.

**TAKES COMMAND** — LtCol. P. H. McCardle, left, newly appointed commanding officer of 1stBn., 4th Marines, and Maj. C. D. Rowe salute colors during change of command ceremonies held in the Colonel's honor Friday, Dec. 4. (Photo by Pfc. Don Ward)

## Cannoneer Sgt. '59 High Shooter At Rifle Range

ASgt. Ronald K. Fones, 3rd Bn., 12th Marines is high shooter at the K-Bay Rifle Range for 1959. An artillery repairman with "India" Btry., Sgt. Fones scored 240 points out of a possible 250 while firing the "Alpha" course during requalification with the M1 rifle on Dec. 4.

Sgt. Fones is now shooting with the 3d Battalion rifle and pistol teams, in competition with other Marine battalion teams throughout the windward and leeward areas of Oahu. He joined the teams shortly before going to the range to requalify.

The bulls-eye isn't a stranger to Sgt. Fones. His last requalification score was 238; the one before that, 227.

## Jet Trans-Pac Flight

Continued from Page 1

As described by Col. Thrash, Marine Aircraft Group-13 commander and leader of the two flight sections, the refueling operation consisted of "topping off" when 200 and 500 miles out of Kaneohe. After each refueling the Fury tankers returned to their home base.

Lt. Col. C. E. Schmidt piloted the second Fury of the first section which flew from here Thursday (Dec. 3) and LtCol's. Robert Baird and John F. Bolt, commanders of VMA-214 and VMA 212 respectively, flew the second section completing the trans-oceanic flight on Monday (Dec. 7).

All pilots termed the trip uneventful and routine. Col. Schmidt, however, ended the flight with a bang as he blew a tire upon landing at Alameda. He made a safe landing without injury or damage to his aircraft.

Tanker pilots for the transPac flight were Majors W. C. Stewart and H. V. Huffstutter, Capt. R. H. Southgate and 1stLts. B. A. Houtchens, C. H. Dubac and H. G. Miller.

**NATIONAL CHAMPS** — Mrs. Paula Miller, left, National President of the Ladies Auxiliary, Fleet Reserve Association, presents the FRA cup to Mrs. Eleanore Wagner, local Unit 174 president, in recognition of the unit's 213 percent increase in membership for 1959. This increase was the greatest of any unit in the FRA for the year. Mrs. Irene Singer, right, local unit treasurer and Mrs. Wanda Smith, local secretary, joined in the acceptance at the MCAS FRA hut on Dec. 4.

## ★ ★ Civil Service News ★ ★

### FIVE YEAR BENEFITS FROM AWARDS SYSTEM TOP HALF BILLION DOLLARS

More than half a billion dollars in measurable benefits to the Federal Government and American taxpayers have resulted under the nearly five-year-old Federal Employees Incentive Awards Program, the U. S. Civil Service Commission has announced.

In the 55-month period from Nov. 30, 1954, through June 1959, some 560,000 employees were given awards and recognition for their money-saving suggestions or superior performance on the job. Dollar awards to the employees totalled nearly \$40 million — the benefits to the Government were valued at more than \$558,600,000.

For the fifth straight year, new records were made in the number of suggestions submitted and adopted and in the number of superior performance awards granted.

Since the program was launched, Federal workers have submitted over 1,450,000 suggestions, of which nearly 385,000 — one out of four — have been adopted by Government agencies. The 25-percent adoption rate compares favorably with similar rates in suggestion programs of progressive private employers. Measurable benefits to Government operations from the adopted ideas have totalled more than \$317,600,000, while Federal employees have received nearly \$11,382,000 in cash awards.

### FISHING DERBY RESULTS

The final results of the Fishing Derby sponsored by the Civilian Recreation and Welfare Association are in. Winners in the different categories are as follows:

Trolling: Frank Barton, 153 lb. marlin.

Surf Casting: 1st place — George Yee, 38 lb. ulua. 2nd place — Swanee Kumano, 36 lb. ulua.

Hand Poling: 1st place — Henry Wong, 6 lb. u'hu. 2nd place — Antone Santos, 2 lb. nenuu.

Congratulations are extended to the lucky (?) anglers. Presentation

## Model Airplane Club Scheduled

Personnel interested in forming a model airplane club are urged to contact Capt. P. A. Manning at 72063 or ActSSgt. J. T. Hurst at 72202.

Capt. Manning, a veteran of more than 15 years of competitive airplane modeling experience and a contest director of the Academy of Model Aeronautics, Washington, D.C., will act as the sponsor of the club.

No experience is necessary; only an active interest. Let the experience of other modelers help you learn.

The club will be limited to control line flying which includes the following competitive fields: precision aerobatics, speed, team racing, combat and many other events.

It is anticipated that active competition will be engaged in with other local military and civilian clubs in Hawaii.

## HQMC SCHEDULES NEW PLAN TO SELECT DRILL INSTRUCTORS

New instructions governing selection of NCO's for assignment to Drill Instructor duty were published by HQMC last week in Marine Corps Order 1306.7C.

Although many of the basic eligibility requirements and selection procedures remain the same, some important changes have been made by the new order. These are the major changes:

(1) Both Recruit Depots will establish Screening Teams which will visit major commands to assist commanding officers in selecting NCO's for assignment to the Drill Instructor Course.

(2) Prospective DI's will be finally selected by personal interview with commanding officers of field grade, or a field grade officer in the chain of command.

(3) The minimum rank for assignment to the Drill Instructor Course is now sergeant (E-5) instead of corporal (E-4).

Another innovation, not covered in MCO 1306.7C but prescribed by separate directive, is that both Recruit Depots will organize Orientation Teams which will tour major commands. Function of the teams will be to familiarize officers and NCO's with the DI program. MCRD, Parris Island, already has formed such a team.

The new DI selection program represents a continuing effort on the part of the Commandant to make DI duty more attractive to qualified NCO's, and to reduce the number of Marines who fail to complete satisfactorily the Drill Instructor Course conducted at each Recruit Depot.

MCO 1306.7C reiterates that an NCO who has successfully completed a tour of DI duty "is generally regarded as a superior Marine" and that this "improves his promotion prospects." All NCO Selection Boards convened at HQMC, the order specifies, will be instructed that a "successful tour of duty as a Drill Instructor is indicative of superior leadership qualities."

Recruit Depot commanders already have been authorized to grant proficiency pay to all deserving DI's actually serving on the drill field. This policy will continue in effect.

In addition, the Commandant has just approved a new policy which will permit Recruit Depot Commanding Generals to ward a limited number of meritorious promotions to outstanding DI's of all ranks.

To dispel a popular misconception that only NCO's in the O3 field are sought for DI duty, HQMC training officers emphasize that qualified NCO's in any occupational field, ground or aviation, are eligible and are encouraged to volunteer.

These are the basic eligibility requirements for assignment to the Drill Instructor Course:

- (1) Minimum rank: sergeant (E-5)
- (2) minimum age: 21
- (3) At least one year on station
- (4) At least 4.5 average conduct markings

(5) At least 24 months obligated service remaining at time of assignment, or agree to re-enlist.

Marines nominated for the Drill Instructor Course who have less than 24 months obligated service, and who indicate they will not re-enlist, will not be permitted to extend their enlistments. If they re-enlist, they will not be appointed to a grade higher than corporal (E-4).

### STENOGRAPHER AND TYPIST EXAM OPEN

The U. S. Civil Service Commission announces an examination for Stenographer, GS-3 and 4, and Typist, GS-2 and 3. The register established as a result of this exam will supersede the registers established under Anct. No. 12-22-55 (TH) for Stenographer, 12-11-57 (TH) for Typist, and 12-12-58 (TH) for overseas Stenographer and Typist. Persons who have not received appointments from these registers must take the new examination in order to receive further consideration for appointment.

The new register established from this exam will be used for filling positions of Clerk-Stenographer, GS-3 and 4, and Clerk-Typist, GS-2 and 3, and other similar positions in various Federal agencies in Hawaii and in the Pacific Overseas Area outside of Hawaii.

Persons interested in applying for this exam should file Application Card Form 5000AB with the Manager, Branch Office, U. S. Civil Service Commission, Room 352, Federal Building, Honolulu, Hawaii showing the title of exam and announcement number Supplement No. 12-21-59(H) to Anct. No. 215.

For further information refer to this announcement posted on bulletin boards. Card forms are available in IRD.

**BABY GIRL ARRIVALS**... Mary Luana to Emella Kaillo and Nani Lynn to Judy Boynton both of Comptroller Department.

## Boating Regulations

Continued from Page 1

the shores of the windward military installation. However, the personnel in these categories that wish to avail themselves of this privilege will still be required to register their boat, have it inspected, and be assigned a Kaneohe Bay military number for identification purposes.

**MOVING DAY** — A Marine Corps helicopter lifts a 1,387-pound aluminum communication tower during a Civil Defense demonstration in Los Angeles. The tower is 33 feet high. The demonstration was designed to show the ease with which the tower could be moved in an emergency.

**ALOHA** — LtCol. and Mrs. Andrew M. Zimmer are entertained by Mrs. R. G. Weede during an Aloha tea for the Zimmers Tuesday afternoon. The tea was given at the quarters of LtCol. John Stevens by Mrs. Stevens and Mrs. Ray Thompson. Col. Zimmer departs in January for the Armed Forces Staff College at Norfolk, Va. (Photo by Pfc. Don Ward)

# AQUA SHOW - HERE DEC. 20

Continued from Page 1  
 est s'is with speeds up to 30 miles-per-hour.

### TOPSIDE TANDEM

Two boys and two girls demonstrating a coordinated mixed doubles routine. Girls ride on the boys' shoulders and act ends on one ski in a delicate balancing feat.

### CRISS CROSS

Precision routine with skiers crossing under and over their own lines at 35 miles-per-hour.

### FIVE MAN PYRAMID

Two aqua-maids and three aqua-Marines in a pyramid routine carrying a flag from the topmost tier.

### BAREFOOT

A one man act without skis, just

barefeet. One of the few skiers on the island capable of doing this challenging act.

### BALLET NAUTIQUE

Five aqua-maids performing one of the most graceful acts in water ski exhibitions. The act uses many actual ballet movements—done on water skis.

### SALUTE TO VMA-214

The aqua-maids salute the Black Sheep of VMA-214.

### SALUTE TO VMF-232

The aqua-maids salute the Red Devils of VMF-232.

### FLYING SAUCER

Using a circular board as a base, a skillful performer does a hand-stand on a wooden kitchen chair.

### SKI JUMPING

Considered to be the highlight of the show, three men do single jumps, crossovers, double jumps with a skier crossing under and double jumps with a skier crossing under and double jumps with a skier landing in the center.

### TRICK SKI

Turn-about exhibition done on "banana peels" with everything done the hard way. "Banana peels" are short skis shaped like their namesake.

### CLOWN ACT

Three clowns using balloons and volley balls demonstrate baseball as played on water skis. A dressing skit is also part of their act.

**LOOK MA! NO EYES** — LCpl. H. H. Rosenberg, HqCo., 4th Marines, field-strips his M-1 blindfolded in preparation for a giant Field Meet to be staged by the 4th Marine Regiment here Tuesday. Blindfolded disassembly and assembly of the M-1 rifle is only one of the many colorful events in which contestants from each of the 4th's 13 units will compete. Blindfolded weapon stripping normally takes an expert a little over 20 seconds. Here Rosenberg diligently practices for the event seriously intent on breaking through the "20-second barrier." (Photo by Pfc. Don Ward)

## 4th Marines to Host Dependents At Annual Field Day Here Tuesday

Fourth Marine dependents, do you often wonder how your husbands and fathers spend their time during the day — what they do, and what they're learning?

The Regiment is holding its first "Annual 4th Marines Field Competition and Dependents Day" Tuesday to show you the various aspects of Regimental life.

Chow will be served on the field, buffet style, from 11 a.m. through 1:30 p.m., to all 4th Marines and their dependents. It'll be on paper plates and because of the competitive angle, should be good, for Regimental cooks will be putting forth special touches in hopes of winning top culinary honors.

Guest of honor Brig. Gen. R. G. Weede, commanding general, 1st Marine Brigade, will begin the program at 10 a.m. with opening remarks, after which competition will get under way with close order drill on the platoon level.

An authentic Hawaiian combo "imported" from Honolulu, will be on hand to entertain the spectators — adding local flavor to the festivities. Termed by 4th Marines enthusiasts as a "spectacular in the true American tradition," the Meet will feature Capt. Fred Young, Asst. Station Disbursing Officer, as Program Announcer.

Other events to be judged in field competition will be hand grenade accuracy; pugil stick bouts; tent pitching and a "reveille scramble."

You'll also see typical Regimental humor in the "1st Sergeants' Coffee Cup Race" and "Circle Toss-Out," wherein slickly greased Marines will attempt to throw one another out of a marked circle.

Tentatively scheduled for those of you who like to see competition "in the rough," are karate and judo bouts plus a trampoline demonstration.

Activities will terminate at approximately 3 p.m., with a helicopter-lifted combat squad landing at the far end of the field to demonstrate an attack on a fortified position.

### CHAPLAIN EDELSTEIN HERE TO SEE JEWISH PERSONNEL

Chaplain Jason Z. Edelstein, assistant 14th Naval District chaplain, will visit the Marine Corps Air Station next Wednesday.

All Jewish personnel, both military and dependents, are invited to meet with Chaplain Edelstein. He will be in the Station chaplain's office Wednesday afternoon beginning at 7:30. The Station chaplain's office is in building 256, across from the EM Club.

## NEW JERSEY NOW ACCEPTS H.S. EQUIVALENCY TESTS

Washington (AFPS) — Two major announcements concerning the General Education Development program (GED) were recently released by the Army.

New Jersey has joined the rest of the states in accepting scores achieved in GED tests of Armed Forces personnel as a basis for issuing certificates of high school graduation equivalency, according to an Army personnel release.

Almost at the same time, the Army reminded its warrant officers that the educational goal for their grades is two-year college equivalency.

While the college equivalency has not yet been established as a required educational standard the announcement warned WOs that

they should anticipate such a mandatory minimum in the future, "in view of the overall effort to raise the quality of Army personnel."

The Army said that at present 85 per cent of active duty WOs qualify for high school equivalency, 21 per cent for two year college equivalency and 3.5 per cent are college graduates.

Concerning New Jersey's participation in the GED program, the Army said that state educational authorities require standard scores of 35 or above in each of the five high school level battery tests and an average combined score of 45. No previous high school enrollment is required but applicants must be bona fide New Jersey residents, at least 20 years of age.

## Theater Schedule

### TONIGHT

**REBEL SET** — A gang of "beatniks" pull a carefully worked out robbery of an armored car. In eluding the police, the bearded ones run in and out of weird coffee houses, and upon being captured exclaim that crime is a bad scene. A good flick for adults only with a running time of 89 minutes.

### SATURDAY MORNING

**CARTOON TIME** — Ninety minutes of cartoons. Admission is one new or usable toy to be donated to the Toys for Tots campaign. Show time is 10:30 a.m. at Theater No. 1.

### SATURDAY MATINEE

No information available.

### SATURDAY

**YESTERDAY'S ENEMY** — No information available, but the movie guide lists it as a very good picture for adults.

### SUNDAY MATINEE

No information available.

### SUNDAY

**HELL, HEAVEN OR HOBOKEN** — No information available, except that it stars John Mills and runs for 87 minutes.

### MONDAY

**FLAME OVER AFRICA** — The Mau Maus are giving the settlers in the Dark Continent a hard time. After the rebel band has done a lot of killing and burning, the evil Mau Mau chieftan is finally brought to justice. A colorful film made on location that's fit for adults and teenagers.

### TUESDAY

**GIRL'S TOWN** — This picture deals with the story of a hard-core group of lasses who call the girls' reformatory home. Mamie Van Doren stars in the 90 minute production which is recommended for adults only.

### WEDNESDAY

**GIGANTIS, THE FIRE MONSTER** — A science-fiction flicker about a fire breathing monster that crawls out of the ground and tears up the city. When the fire department can't put a stop to his nonsense, some bigger weapons are put to use and the monster finally gives up. It's a Japanese movie with English speaking dubbed in, and good for the whole family.

### THURSDAY

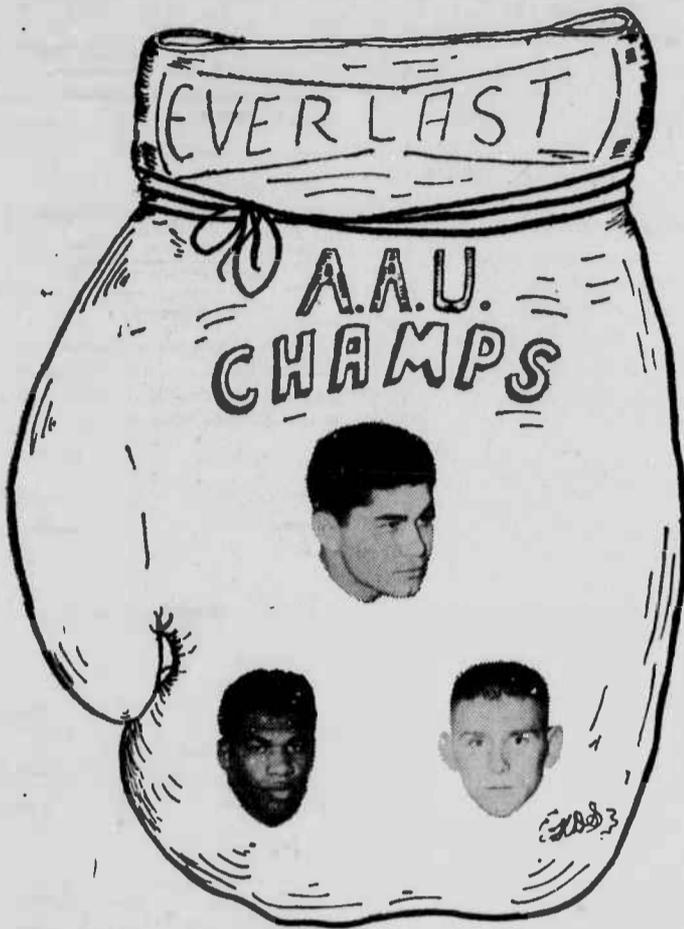

**NORTH BY NORTHWEST** — An Alfred Hitchcock thriller that involves a man being chased by a group of killers clear across the country with the final action taking place on Mt. Rushmore. An excellent color movie, it is recommended for adults only. The second show will start at 8:30 p.m.

**BALANCING MERMAIDS** — These three aqua-beauties will be part of the spectacular Globe and Anchor Water Ski Show which is to be presented here at MCAS on Dec. 20. Kathy Vogel and Sandy Todd balance Dale Powell atop the pyramid. This pyramid would make the Sphinx blink. The oldest of this daring trio is 13 years of age, while the youngest, Kathy Vogel, 12, has been skiing for over four years and has amassed over 40 competition skiing trophies. (Photo by ASgt. Bruce R. Hamper)

**HANG ON** — Ken White skims along Kaneohe Bay with Maddy Elwell balancing on his shoulders and then dropping back into the water until her head is almost touching the back of the water skis on which she is traveling. The fabulous duo is one of the featured acts in the Globe and Anchor Water Ski Show which is to be presented here Dec. 20. The amazing thing about this twosome is that Ken has been skiing for approximately seven months while "Maddy" has been practicing for only six months. (Photo by ASgt. Bruce R. Hamper)

## SUBPAC, SERVPAC MASTERED; MARINE CAGERS COP 1ST SPOT

Coach Phil Austen's defending champion Hawaii Marine Cagers copped the lead in the Hawaiian Armed Forces Invitational Basketball league Tuesday night with a 69-64 win over the ServPac Packers at Kaneohe.

The Marines had beaten arch rival SubPac Raiders on Dec. 3 to the tune of 68-54.

The Leathernecks went into the game Tuesday tied with ServPac at 4-1 each.

In the game against SubPac George Waddleton sparked the Marine five with 20 points for top score of the game. He was followed by teammate Don Smith and SubPac's Marv Bauer with 15 tallies each. Cosel Walker added 13 points to the Marines winning cause.

The Leathernecks trailed during the first ten minutes of play at 16-14 but went ahead at the 21-20 mark shortly thereafter, and were never headed. The half-time score tallied 33-24 in favor of the Marines.

Don Smith swished the nets for nine points in the second half along with Waddleton's eight, to help run the score to 68-54 close.

In the tie-breaking fracas against ServPac, Cosel Walker sparked the scoring with 18 points but was overshadowed by the Navy's John

Yates who stripped the nets with eight field goals and 13 free tosses for a total of 29 points.

Also scoring in the double figure bracket were Leathernecks Jim Smith and Bill Shuman with 12 points each. Packer, Jack Etromberg, helped the Navy's unsuccessful attempt with 13 points.

The game was nip'n tuck throughout the entire play with ServPac jumping off to the lead and then see-sawing back and forth for the first four minutes and 47 seconds when Don Smith sunk a field goal to put the Leathernecks out in front 6-5. They were never headed after this point.

The Marines had a 18-12 lead after the first 10 minutes of play but it was whittled down to 35-33 by the half way horn.

Much of the scoring was told in the personal foul column as the total of 41 fouls were by the officials. Marine hoopsters accounted for 15 of their 22 free throw chances while the Packers dropped in 26 of their 37 attempts.

Three Marines fouled out as did two of their opponents, to make the game about the most hotly contested of the series to date. Final score 69-64.

## Sports Calendar

MCAS POP WARNER FOOTBALL  
Dec. 12 — Kaneohe Marine Devil Pups vs. Schofield Barracks, 10 a.m. at Schofield Barracks.

VARSITY BASKETBALL  
Dec. 12 — Hawaii Marines vs. Mutual Express at the Kaimuki Community Center, 7:45 p.m.

Dec. 16 — Hawaii Marines vs. Pearl Harbor at Hangar 103, 8 p.m.

6 MAN FOOTBALL  
Dec. 11 — Camp Smith vs. MAG-13 at Camp Smith, 8 p.m.  
Dec. 15 — Sep. Co.'s vs. 2nd Bn., 4th Marines, Dailey Field, 3 p.m.  
Dec. 16 — 3d Bn., 12th Marines vs. 1st Bn., 4th Marines, next to the enlisted men's swimming pool, 3 p.m.

## TERRONEZ, JOHNSON, LONG COP AAU CHAMPIONSHIPS

The Hawaii Marine boxing squad copped two wins in the National Junior AAU Boxing Championship Tourney held last week at Honolulu's Civic Auditorium and also garnered the heavyweight Hawaii State Title.

Hawaii Marine 147-pounder Gabriel Terronez won the decision over team-mate George Chapman in the finals for that title after he had KO'd Army's Phil Carpenter in the third round of their semi-final go the night before. This KO brought the young Marine's record to 18 knockouts in 21 fights. In the final bout, Terronez was reluctant to fight as was his team-mate but after warnings from the referee, both fighters mixed it up and Chapman was decked for an eight count in the second round.

Tom "Trigger" Long won handily over Hawaii Youth Club's James

## CANNONEERS SMASH CAMP SMITH 88-42

The Cannoneers of the 3rd Bn., 12th Marines racked up what may be the highest point total ever achieved in the Six Man Football League as they crushed a dogged Camp Smith team 88-42 at Pearl Harbor's Ward Field.

Playing under the lights for the first time this season, the high scoring artillerymen swept to a 52-28 half-time lead and then poured it on in the second-half against the underdog and evidently underskilled Camp Smith Marines.

Tom Gallagher, a lanky end, stood out for the Cannoneers as he hit paydirt no less than five times during the game. Each time he was on the receiving end of a pass from 3/12's fine quarterback, Larry Magilligan. Gallagher's deceptive speed enabled him to outstep the Camp Smith secondary, time and again to gather in the unerring tosses of quarterback Magilligan.

Camp Smith scored first, taking the opening kickoff and marching 43 yards into the end zone. With the ball on the 3/12 37 yard line, following the ensuing kickoff, Magilligan lofted a pass which Gallagher grabbed in full stride and streaked in for the tying touchdown.

The Cannoneers then proceeded to roll up 46 more points to lead, midway in the second quarter, by 52-6. The undaunted Camp Smith six stormed right back with three quick counters before intermission.

After a spirited half time show the two teams continued their dazzling offensive display. Early in the fourth quarter Otis Graham took an errant toss by the Camp Smith quarterback and raced into the end zone. This tally once again put 3/12 out in front by a margin of 46 points and the ball game was called at this point.

Although this same lead was achieved in the first half both sides agreed to continue due to the large crowd on hand and to allow the half time show to go on as scheduled.

### 'O' CLUB POOL SCHEDULE

The swimming pool at the Officers Club is open Monday through Friday from 9 a.m. to 9 p.m. A life guard is on duty from 3 to 6 p.m. as a safety factor while children are likely to be using the pool.

On weekends and holidays, the life guard is on duty from 9 a.m. to 6 p.m. and the pool remains open until 9 p.m. for adults.

Costa to take the National Junior 125-pound class title after winning the nod over Leroy Naeole of the Hawaii Athletic Club. In the bout against Costa, Long kept him bothered with a steady left jab to the face.

Amos Johnson made his final appearance in the Scarlet and Gold of the Marine Corps as he dropped Navy's James Haskins in 1:30 of the first round after having him on the deck for the nine count with a minute gone by. Johnson had drawn a "bye" into the final bouts. He is the 1959 Pan American Games 178-pound champion but had weighed in heavy at 194½ and took the Hawaii State heavyweight title.

Johnson displayed the speed of a welterweight as he landed a flurry of lefts and rights to the chin and body of Haskins. After Haskins got up from the first knockdown it was a left hook that spelled destruction for the Navy man.

Hawaii Marine Ron Carvalho lost a unanimous decision to the Army's Arcadio Cabato, in the 132-pound class and Al Stensrud was handed a split-decision defeat in a close bout with Army's Lawrence Little in the 156-pound title go.

Marines Ray Phillips and Phil Winstead lost by unanimous decisions to Ivan Orr and Jim Partee, both Navy pugilists in the 156-pound and 178-pound classes respectively.

The Marine team went into the tourney 17 men strong with a possibility of winning only ten titles. They copped three.

The Army won the unofficial team trophy with four out of eight wins.

## AAU Wrestling At Hangar 103

Dec. 19; 1 p.m.

The season's second AAU sponsored wrestling match will be held at Kaneohe Bay Dec. 19 in Hangar 103. The meet is scheduled for 1 to 4 p.m.

Entries from the Island's service teams will compete with wrestlers from the Central and Nuuanu YMCA and a team from Church College, Laie, Oahu.

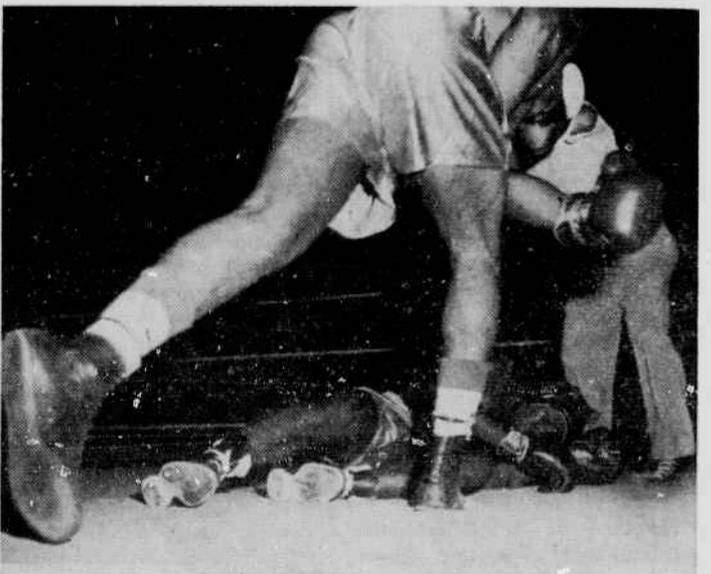

Senator Steere Noda, chairman of Hawaiian AAU wrestling and Capt. Steve Archer, USN, vice chairman, are in charge of the matches.

In matches last month at Pearl Harbor's Bloch Arena SN. R. L. Crisp of the COM-14 Navy team took first place in the 147 pound class, while his teammates dominated the matches with six second places.

MCAS entrants from coach Col. H. D. Adam's Hawaiian Marine wrestling team are Pfc. Pete Larson and Floyd King, Cpls. Murray Johnson and Kermit Ashley and HN, James Carter.

Late entries will be accepted by Capt. Denora at 72968.

The matches are open to the public with no charge for admission.

NOW I LAY ME DOWN TO SLEEP! — These would be the proper words of Navy's heavyweight James Haskins as he is decked for the second time at 1:30 of the first round by Hawaii Marine Amos Johnson, the 1959 Pan-American Games 178-pound champion, made his final appearance in the Hawaiian Area and in Service boxing as he garnered the State heavyweight title December 4th, at Civic Auditorium.

## Dave Smalley Top Hoop Scorer With 16 Point Average

1stLt. Dave Smalley is a newcomer to the Hawaii Marine cagers this year, but made his debut in the Hawaiian area wearing the HM on his baseball uniform last season.

Although only six-feet tall, which is short for the hoop game, Dave is leading the Leathernecks in the scoring column this season with a total of 66 points in the four games he has played. He was on the injured list in the game against Sub-Pac. His lifetime high game was 31 points.

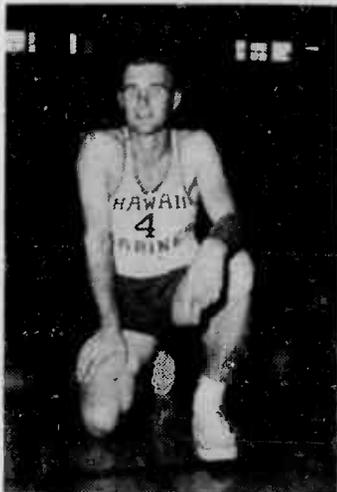

He has a scoring average prior to this season of 15 points per game but this season so far it averages 16.5. This places him sixth in the Hawaii Armed Forces Senior Invitational Basketball League.

Dave hails from Albuquerque, New Mexico and is a graduate of the U. S. Naval Academy, where he gained Honorable Mention on the All-American squad.

He graduated from the Academy

**TROPHY WINNER** — ASgt. William Johnson, 1st Light Support Company, added two new trophies to his collection Thursday night when he was awarded the Armed Forces Foreign Car Club's Semi-annual High Point Trophy and their Annual Rallye Champion Trophy. The High Point Trophy is given to the AFFCC member who has accumulated the highest number of points for participating and placing in gymkhanas, rallyes and races during the year. Johnson drives an Austin-Healey Sprite with which he has also won trophies for racing and gymkhanas, including two trophies for 1st place in his class at the 50th State Championship Races in September. (Photo by Pfc. D. R. Ward)

DAVE SMALLEY

in June 1957 and was commissioned a second lieutenant. While at MCS, Quantico he was a member of the hoop squad for two years which copped the All-Marine title in 1957 and 1959.

He played in the East-West All-Star Game in 1957 and was named to the All-District NCAA squad.

During baseball season, Dave was credited with hitting the home run that broke SubPac's back and turned the tide for the Marines.

Use Christmas Seals

## K-Bay Footballers In League Crucial

K-Bay's Pop Warner eleven defeated the Wheeler AFB squad last Saturday, 12-6, to win the first round of the Hawaii Inter-service championship.

The final game which will decide the service championship will pit K-Bay Marines against Schofield Barracks tomorrow morning at 10 a.m. The game is scheduled to be played at the Wheeler AFB field.

In last Saturday's win, a strong defense on the part of both teams kept either team from scoring. In the first quarter, fumbles plagued the local team, while an intercepted Wheeler pass spoiled their scoring chance.

During the second period, a pass from quarterback Jerry Cody to Dusty Rhodes was good for 20 yards, and a second pass from Cody to Zimmer, was good for another 20 yards. Tommy Dees, a fleet footed K-Bay halfback took the ball on a handoff and romped through the center of the Wheeler line for 15 yards, and a touchdown. The try for the extra point was no good. Wheeler failed to score in the first half.

Following the halftime rest period, the Marine team took the field with a six point lead, but the fired up air force team immediately went to work piling up eight first downs.

Late in the period, a pass from Jackie Stover to Drew Buta was good for 30 yards, and a touchdown for Wheeler. Their try for the extra point was no good.

After a scoreless fourth quarter with the game ending in a 6-6 tie, officials decided that a fifth period would have to be played to decide the winner of the first round.

Defensive play on the part of both teams again kept either team from scoring until late in the fifth period when a pass from substitute quarterback Butch Ball to Dusty Rhodes was good for a touchdown and a winning score for the Kaneohe Marines.

### BOX SCORE

	1	2	3	4	5
Kaneohe Bay	0	6	0	0	6—12
Wheeler AFB	0	0	6	0	0—6

## Rifle-Pistol Club

During a regular meeting of the Rifle and Pistol Club last Tuesday night the following officers were elected: President, Capt. Ray Ryan; Vice-President, Lt. Bill Redding; Secretary, AGySgt. Les Ross and Treasurer, SSgt. Charles Thode.

Other newly elected officers included ASgt. Dick Harris, executive officer; Capt. Tom Cau, chief instructor and ACpl. Merrill Rose publicity officer.

The scheduled Turkey Shoot for Dec. 19 will be held as planned in spite of the Brigade's use of the range. Committees also began plans for the big Spring shooting match.

In the course of the meeting, revised by-laws were presented to the club members for consideration. Following the business session Mr. Darrel Devenport, a gunsmith, presented some new guns and ammunition and discussed them.

The members were reminded that shooting goes at 1 p.m. this Saturday and that guns and ammunition are available.

### JUNIOR RIFLE CLUB

The annual meeting of the Junior Rifle Club will be held Monday, Dec. 14 in the Teenagers Club. All members are expected to attend. Parents are urged to accompany their children.

The future of the club will be discussed and new officers will be elected. A new leader and advisory group will also be chosen.

Junior Club members and their families are invited to the Turkey Shoot Dec. 19, 12 noon at the station pistol range.

## Aku-Marines

The club is in need of a working party to get the meeting place and gear squared away so there will be no dive this weekend.

The Aku-Marines have been fortunate in having no diving accidents this year. We attribute this fact to the careful preparations made before any member dives.

But accidents will happen. The diver who suffered the bends from going too deep last weekend was just one case in many instances where a swimmer neglected to heed caution.

Teaching safe diving habits is one of the main reasons for the club's existence. It also gives swimmers a chance to dive in groups. The cardinal rule of skin diving is NEVER DIVE ALONE.

If you are a swimming enthusiast and would like to try diving, come to our next meeting. We will help train you in the correct methods of swimming and diving.

We meet every Monday at 7 p.m. in the quonset hut in front of the Navy boathouse.

## NICK'S NICHE

by DICK NICKLIN

### NEW MERMEN

First of all let me apologize for giving the wrong first name last week for the new swimming coach of the Hawaii Marine Mermen. It should be Daniel O'Connor instead of Donald.

Try-outs were held last week and there were 11 swimmers from Kaneohe and a possible two from Camp Smith or at least the Leeward side.

Six of the men are returnees from last year's aquatic squad. They include swimmers Bob Mannion, Jim Von Dyle and Tom Doyle and divers Bob Stidham, Larry Hunt and Dick Griffith.

No definite schedule has been arrived at as yet but coach O'Connor hopes to get in at least nine meets which will include the Rainbow Relays and an Invitational meet held in June.

This will let the squad get in plenty of practice before heading for the All-Marine Swim scheduled for sometime in July back on the Mainland.

### BOXING TEAM

Last week the Hawaii Marine boxing squad moved into the Honolulu Civic Auditorium 17-men strong, with the opportunity of coping six titles, four National Junior AAU and two State titles. Actually there were two more national titles at stake but we didn't have fighters in those lighter weight classes.

As the old saying goes, "You can't win 'em all." The Leathernecks copped two National Titles and one State title. Eight Marines had earned their way into the finals but two of them had to fight each other.

This bout was between KO artist Gabriel Terronez and George Chapman. Both pugilists are good fighters in their own right, but when faced with each other they were reluctant to throw leather. This left a bad taste in the fan's mouth, many of whom were civilians and many of whom were members of the boxing world and the press in Honolulu.

Terronez who had scored his 18th KO the night before against Army's Phil Carpenter decked Chapman in the second round for the eight count. Terronez had trimmed down from his 156 pound weight for this tournament. But had he not trimmed down, he would have still met a team-mate in the ring in Al Stensrud who lost a tight decision to the Army's Larry Little.

This is an unfortunate situation which exists when you have several good fighters in one weight class and the opposition is slim. However, it doesn't offer an excuse for a poor show.

Let's hope the situation doesn't arise again. We have the makings of a good squad and coach Jerry Plunkett is the man to shape them up for the coming season which will start in January.

**CHAMPIONS** — Winners and runners-up in the Annual Fall Handicap Tournament of the Kaneohe Womens Golf Association are, l. to r., Mrs. N. C. Madore, 9-hole runner-up; Mrs. Dottie Whittington, 9-hole winner; Mrs. Ann Roueche, A-flight runner-up; Mrs. Vi Hoskins, A-flight winner; Mrs. Betty Currier, B-flight winner; Mrs. Lucille Dickison, 9-hole winner, and Mrs. Sue Mills, 9-hole runner-up. Mrs. March Blanchard, B-flight runner-up, is not shown.

## Hickam Air Club At K-Bay Sunday In Recruit Drive

Air-minded Marines will have the opportunity of pursuing their interest in aviation during a visit Sunday by the Hickam AFB Aero Club.

The purpose of the visit is to acquaint military personnel and their dependents with the flying training program of the Hickam AFB Aero Club.

Members of the club will fly their nine aircraft here from Hickam. During their visit, the aircraft will be on display at Hangar 105 during the hours of 2:30 and 4 p.m. Club members will be on hand to answer questions concerning their aircraft and membership in the club.

Membership in the Aero Club is an excellent off-duty program which helps develop a pilot's potential for the United States. The Hickam AFB Aero Club is a non-appropriated fund activity and is operated and managed under minimum cost to the membership.

During the Sunday visit, the club will have on display the following aircraft, Navion, Piper Tri-Pacer, Cessna, Piper Super Cub, Cessna 140, Luscombe, Cessna 150, Piper Cub J-3 and Interstate Cadet.

## Yule Messages

Continued from Page 1

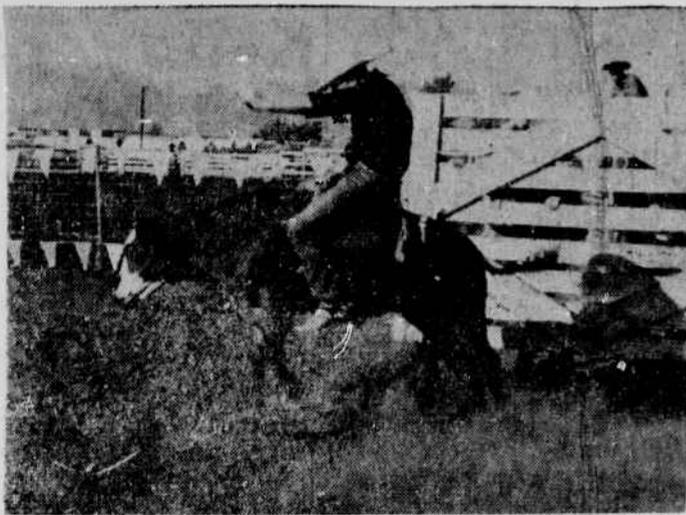

otherwise be scheduled for actual patch use at that time. Emergency requests, however, will be gladly accepted over the phone.

All Yuletide requests will be handled on a "first come, first served" basis.

Patrons are urged to file their request forms as soon as possible in order to beat the deadline for Christmas patches and messages.

Last year during the Yuletide season, 2,171 messages were sent and 900 phone patches were successfully completed by the K-Bay Amateur Radio Station.

It is expected that the volume this year will be doubled or tripled.

**RIDE 'EM COWBOY** — It's action like this that you can see at the "buckouts" held at K-Bay's Truan Arena. Last Sunday the first of the Special Services sponsored events took place with cowboys competing in calf roping, bull riding and barrel racing. There are junior and senior activities. Spectators are invited to attend the "buckouts." Arena bleachers are available for seating and there is no charge for admission.

## Plans OK'd for New Mokapu School; City-County Advertises for Bids

All planning hurdles for the new Mokapu Elementary School have been cleared and invitations for contractor bids will be advertised immediately.

Final approval of the plans and specifications were received from the San Francisco Regional Office of Education Nov. 30.

The Honolulu City and County Building Department, under the direction of Mr. Ralph Inouye, will advertise the bids.

Bid opening date has been set for Jan. 7, according to information received this week from Cmdr. Robert R. Graham, MCAS Public Works Officer.

Contract specifications allow the prime contractor 270 days for completion of the new 30-classroom school.

The new school is designated as "Mokapu Elementary School, No. 2," and will hold the designation until the present Mokapu School now utilized at K-Bay closes.

Nine major buildings will be in the project, all connected with covered passageways. In addition to the classrooms, a building will house the cafeteria, one will be used as the administrative and

health building while a third building will be utilized as a library.

The number of classrooms was dictated by the number of school-age children who are expected to be living aboard the Station when the Capehart project is completed.

Hawaii's Department of Public Instruction bases its teacher-pupil ratio on a 1-to-32 standard.

The new school will be located on approximately ten acres of fenced land facing Mokapu Road, near Station housing and adjacent to Platt Field.

Plans for the new school were prepared by the firm of Law and Wilson, Honolulu architects and engineers.

## Special Services

AMATEUR RADIO STATION  
(72797)

Monday through Friday—8 a.m. to 4 p.m. (Other times by appointment.)

ENLISTED MEN'S SWIMMING POOL (72922)

## 30 KICK-OFF FIRST 'BUCKOUT'; KAPAA RIDE SET TOMORROW

Cries of "ride 'em cowboy" echoed Sunday afternoon at K-Bay's Truan Arena as more than 30 cowboys competed in the first of the Special Services-sponsored "buckouts."

Professional and amateur riders competed in a series of calf roping, bull riding, relay racing and barrel riding contests during the debut of the buckouts planned to further interest and participation in rodeo sports.

The team of Heine Aruda and Bob Farm corralled first prize money in the team calf roping event, followed by the combinations of Joe Cambra and Larry Miguel, and Chuck Vedina and Rudy Cau.

Hugh Hill, a winner in the recent Hawaiian Roundup, won the junior calf roping event.

Top honors in the junior bull riding competition went to 14-year-old Ray Fridrich. David Junk Jr. and Buddy Gibson placed second and third, respectively, in the event.

Ethel Gibson emerged the winner in the barrel racing contest.

Penny Roberts, Denise Light and Sonny Rose joined forces to win the relay race.

In the bull riding event, "Wild Bill" Hiscock stayed aboard longest to edge out Bob Wammuck for top money.

In the day's final event, David Tolle won champion honors in the "green horn" calf roping contest.

Those interested in participating in future buckouts are requested to contact ASgt. Hiscock at the Station Stables.

Admission is free and spectators are welcome to attend the Truan Arena events. Plenty of seating is available in the bleachers.

The time and date of the next buckouts will be announced soon in the WINDWARD MARINE.

Another new program was initiated by the Station Special Services Stables Saturday with the first off-Station trail ride.

A group of enthusiastic riders took off from the Stables in the morning for a trip which took them through the Kapaa Valley and up to the summit overlooking Kailua, Waimanalo and the surrounding area.

The weather was near perfect for

the ride; cool enough to be pleasant and clear enough to afford a beautiful view.

Another ride through the same area is scheduled for tomorrow with the riding party leaving the Stables at 8:30 a.m. Reservations should be made immediately by calling 73192.

## Better Audio Tester Now Used by Services

Washington (AFPS) — The Army, Navy and Marine Corps began using a new multiple audiometer at their induction and examination stations throughout the U.S.

The audiometer can test the hearing of more men in less time, the services explained. Tests showed that two corpsmen were able to test 40 men in 17 minutes. Conventional voice-and-whisper tests allow only one person at a time to be tested.

The Army hopes to save millions of dollar in claims pressed against the service and the Veterans Administration by persons who claim their hearing was impaired while in the Armed Forces.

The Army will use the audiometer at the 73 examining stations in the U.S. and its possessions. The Navy will install audiometers at the Marine Corps Recruit Depots, San Diego, Calif., and Parris Island, S.C., and the Naval Training Centers at San Diego, Cal. and Great Lakes, Ill.

## Enlisted Club

TONIGHT

Eat, drink and be merry. For tonight is Happy Hour. The 20 cents drinks are on sale from 6 to 7 p.m., so some on in. Be happy!

SATURDAY

The club is open 'til 1 a.m. tonight. We've got all the fixin's for fun, and all we need to make the party right is you.

SUNDAY

After a tiring day of doing as little as possible, drop into the club. The bars are open, and so is the Leatherneck Cafe.

MONDAY

"Helen of Troy" is the flicker tonight and Rossana Podesta stars. The refreshment facilities are open as usual. Show at 7 p.m.

TUESDAY

And it's payday again. None too soon with all of those Christmas presents to buy. But before you buy HER that gift, why not drop in here and consult with your buddy? Maybe he can give you a good idea on what to send.

WEDNESDAY

Movie time at 7 p.m. Tonight it's "Belles on Their Toes" with Jeanne Crain and Jeff Hunter.

THURSDAY

Good night to come in and watch TV. Staccato John comes on at 8:30. The bars and grill are open to serve you.

## Staff NCO Wives

By Gertrude Burke

On Dec. 15 at 7:30 p.m. come to the SNCO Club and watch Jessie Tosh transform local dried materials into Christmas decorations of unusual beauty. The attractive pieces will be available to club members and guests.

All attending will bring a \$1.00 gift which will be distributed by "Santa" at the end of the evening.

Mrs. William Weckerly, 72340, is taking reservations for the dinner dance on Dec. 19. The festivities begin with cocktails at 6 p.m., dinner at 7:30, and dancing at 9. Reservations may be made until Dec. 15.

The price of the dinner is \$1.15 per person.

For mailing fold paper twice and secure outer edge with tape or staple.

**SANTA'S VISIT** — This scene from last year will be repeated tomorrow at 9 a.m. when the Marine Exchange Santa Claus pays his annual visit to K-Bay. He will arrive via helicopter and land on the asphalt basketball court adjacent to the Main MX parking lot. Once again he will be greeted by MSgt. F. J. Fomia, MX operations chief. The 1st Marine Brigade band will also be on hand to play Christmas carols. Santa will proceed immediately to the stage of Theater No. 1 where he will greet the children and pass out candy until 10:30. As soon as Santa departs, the 90 minutes of cartoons for the Toys for Tots drive will begin.
