Cash Awards Available To Servicemen

Under the expanded Incentive Awards Program, military personnel are now eligible to receive cash awards on the same basis as civilian employees for their suggestions, inventions or scientific achievements which contribute to the efficiency or economy of Government operations.

All hands are encouraged to participate in improving operations by submitting worthwhile ideas. The Navy is particularly looking for suggestions that will save manpower, money, material, time, and space.

Have you an idea that can: improve methods and procedures; combine operations; eliminate unnecessary work and waste; and devise new tools and processes?

Station personnel should send their suggestions to the Industrial Relations Office for processing. Upon completion of investigation suggestions will be reviewed by the Incentive Awards Committee for award consideration based on the monetary savings and or intangible benefits in terms of the extent of the application of the suggestion, its significance, and the importance of the program affected.

Each quarter special honorary recognition will be given to the unit with the highest participation rate by presentation of the Commanding Officer's Quarterly Participation Award Plaque.

MERITORIOUSLY CITED -- GySgt. Willie M. Woods is presented a meritorious mast by Col. A.M. Moran, Station CO. Sergeant Woods was cited for his outstanding performance of duties as NCOIC of commissioned officers mess (closed).

List Grows For Camp Housing

Do you have orders for overseas with processing through Staging Battalion at MCB Camp Pendleton, Calif? If so, don't plan on military housing.

That's the word according to Marine Corps Bulletin 11101. It states that family housing at Pendleton is filled and a waiting list exists. Personnel taking dependents with them, should anticipate seeking civilian housing.

ATTENTION

The PMO reminds all military personnel and dependents that until further notice the entire Rainbow Housing area is off limits. All buildings, grounds and roadways are closed to scavengers and sightseers.

Foreign Journalists View Brigade Power

The combat capabilities of the Brigade's air-ground team were again on display Wednesday as 20 visiting Far East journalists toured the Air Station.

Hailing from 16 different countries, the journalists are currently on a tour of the United States, sponsored jointly by the White House, Defense and State Departments and the U. S. Information Agency. They were here as guests of

the Brigade.

The group arrived at the main gate at 2:30 p.m. and was greeted by Col. D. H. Stapp and Col. A. M. Moran, Brigade and Station CO respectively. They then proceeded to Kansas Tower for briefing.

While at the tower, the visitors viewed an F-8 "Crusader" jet during a maximum power take-off, aerial refueling, and MOREST landing.

Main stop on the tour was at Ulupau Crater for a demonstration of an air-ground team in action operating in a simulated Vietnamese situation. Following the demo they departed KMCAS for Sea Life Park.

The journalists were scheduled to leave yesterday for the next stop on their tour, Portland, Oregon.

A GUY NAMED JOE

JOE had been in the armed forces for about two years. He was doing good, he thought, three squares and a place to sleep. Not bad at all, really, when he recalled civilian life.

One night a "bull session" developed among his friends. The talk centered around promotions, and what it would be like to get back to civilian life.

"At first, he paid little attention. Joe was quite content—three squares and a bunk, remember?"

But the conversation grew hot. He perked up, listening intently. After all, he didn't have much education. He hadn't been promoted for a long time, and civilian life had sort of "bugged" him—simply because he didn't have a job that paid much.

"And what's more," the conversation went on, "this new law authorizes the Veterans Administration to pay monthly education

allowances to qualified post-Korean veterans and to pay school tuition fees to guys like us with two or more years of service.

"They say some four million veterans who have served during the past nine years and nearly three million of us now on active duty are, or will be, eligible.

"If a veteran qualifies and attends school fulltime he can get as much as \$100 a month—or even more if he has dependents. Of course, we're going to have to dig up some money too. Uncle Sam can't do it all."

By this time Joe was all ears. Here was a chance to get an education with help from his Government. Here was the chance to eventually get a better job through learning. Here was a chance to get a promotion.

A lull in the conversation gave Joe his chance: "What if I want to start studying now?"

The spokesman had his answer: "An active duty serviceman (with more than two years' service) who is attending school, as his military duties permit, will receive education assistance under this program computed at the rate of the school's set charges for tuition and fees or at the rate of \$100 per month for full-time attendance, whichever is lesser. The computation is based on the amount of school work he is undertaking."

So, the story has a happy ending. Joe is now going to school on an off-duty basis. He also plans to attend college when he returns to civilian life. (AFNB)

By Chaplain H.E. Austin

In his "Plain Christianity", J. B. Phillips tells the story of an exciting evening at a youth center in London. There had been dancing, speeches and cheers, and singing "For He's a Jolly Good Fellow". At the end of the evening, he suggested that the group have some worship. One person spoke up bluntly, "You know, we haven't any idea what you really mean by worship!". . . "Haven't you?" he responded. "Well, it's three cheers for God!"

So often we come to chapel to have our problems solved, to get help for spiritual life, to get our mind off our difficulties, or for other reasons like "it being simply Sunday morning" or "having nothing else better to do."

But many of our problems and anxieties would fade away if we could just get our eyes focused back on the goal of our earthly pilgrimage and on our heavenly Father, who knows all the things that we really need. What we must do is "lose ourselves" in worship and adoration and praise of this great God of ours.

"Adramus te, Christe!" . . . (We adore Thee, O Christ!). . . This should be

our theme song as we extol the wonder and greatness of our loving, beneficent God.

Look at your life this day. This time don't look at the burdens but at the blessings which are yours. Consider such gifts as those that God has given you. Above all, remember that He had given His own blessed Son into death for your sins. If one has caught the height and depth and breadth and length of God's love for us, how could he help but sing, **THREE CHEERS FOR GOD!**

The command supervised voluntary association "Wheels of Oahu" Motorcycle Club is in full operation per the new Station Order 1746.12.

One of the club's primary purposes is to promote safe motorcycle operation on and off Station. Membership to the Club is required to bring or operate a two-wheeled motor driven vehicle aboard this Station.

The two basic categories of membership are: active and associate. Active members take part in club functions, pay dues, attend meetings, and vote on matters pertaining to club operation. Associate membership is for those who only desire to operate a motorcycle aboard the Station. The only requirement for this type of membership is to pass a motorcycle safety inspection and motorcycle driving test. Both will be conducted by the club. Associate members are also enjoined to attend meetings as non-voting participants.

The next regular meeting of the "Wheels of Oahu" will be at 7 p.m., Wednesday. The location is the Special Services Boat Dock Meeting Room. Any questions pertaining to club operations will be answered then.

Phil Sarboe

U of H Coach Phil Sarboe To Speak At SNCO Lunch

Phil Sarboe, University of Hawaii head football coach and director of athletics, will be the feature attraction at Wednesday's SNCO luncheon at the Staff Club.

The Rainbows' new mentor, backed by assistant Don King, is expected to discuss early-season plans and problems on this year's Green and White squad.

Sarboe's appearance here is sandwiched between trips to the Mainland. The Hawaii eleven opens its schedule tomorrow at Fresno State and returns Sept. 24 to face University of California-Santa Barbara.

One of the Washington State's all-time greats, Sarboe was se-

lected as an All-American end in 1933. In 1934 he graduated from the Pullman, Wash., college and began three years as a pro with the Chicago Cardinals in the NFL. In 1935-36 he also played baseball with the Kansas City Blues in the American Association.

After four years as a high school coach, Sarboe moved to Central Washington State College as head coach and then into the Air Corps as a physical instructor.

Returning to his alma mater he held the reins as grid coach from 1944 to 1950. Next at Humboldt State he established a 15-year record of 104 wins, 37 losses and 6 ties and was selected coach of the year in 1960 by the 457 member NAIA.

Sarboe's son, Joe, is expected to be a valuable quarterbacking asset for the Rainbows this fall.

Assistant coach Don King is a graduate of Fresno and Humboldt State and coached ten years at Shasta Junior College. Last year he was named Northern California Coach of the Year.

Nearly 200 SNCOs are expected at this month's luncheon. Price is \$1.25 for teriyaki steak and time is 11:30 to 1. Sgt.-Maj W.E. Lang of MACS-2 is in charge of the affair.

Football Games Tomorrow; Vikings, Phantoms Compete

More preseason exhibition football action is in store for K-Bayites tomorrow as two games are on tap on the field adjacent to Station Training.

Starting at 9:30 a.m., the K-Bay Vikings of the Pee Wee league take on

the Kaneohe Midgets, a Pop Warner league team.

The K-Bay Phantoms of the Bantam league battle a Kaneohe Bantam team at 2 p.m.

It will be the first test of the season for the Vikings, while the Phantoms will be playing their third scrimmage-type exhibition.

The Phantoms have displayed a potent running attack in their first two outings, led by fullback Kenn Randall and Halfbacks Ron Peoples, and Jim Dewey. Rand-

all and Peoples have been especially effective. Jerry Carpenter has handled the bulk of the signal-calling chores, backed by Dave Austin.

Randall and Austin are returnees from last year's K-Bay Bantam team, the Red Devils. Others who played on that squad and who should be helpful this season are center Terry Beasock, tackle Mike Gasaway, guards Mike Girgis and Bill Gattley, and ends Steve Carr and Dave Jenness.

ATTENTION

Persons interested in playing soccer should contact Sgt. J.C. Cassidy at 72940 or 245-515. Deadline is Sept. 15.

SWEEP RIGHT -- Kenn Randall, K-Bay Phantom fullback, heads for paydirt during scrimmage against Kailua. Randall, a standout on last season's K-Bay Red Devil team, was impressive during the workout.

It was way up on the Pali that it happened. We were hunting mountain apples and I kicked over a pikake and there he was.

"What an ugly toad," I exclaimed.

"Stupid haole," the thing croaked back. "Me genuine Hawaiian poloka bufo. Same all ovah Island only da special kine."

"What's so special about you?" I asked.

"Da only best pick popo peku winnahs -- no miss."

"You mean you're a pigskin prognosticator?"

"Speak English, bruddah; Menehunes give me magic touch."

The bufo then went on to explain that before the Menehune NCAA had put a curse on him he'd been a star middle guard with the Kamehameha Warrior's great Seven Blocks of Lava line. As a pro he made a big splash for the Hilo Whalers in their classic battles with the Maui Missionaries.

After the curse hit he became the Island's greatest football forecaster, hitting year after year at a .945 winning percentage.

"I teach Grantland Laiki and Koma Harmon same business," said the poloka.

Introduction and certification completed, we signed up the poloka for a season-long appearance as forecaster, replacing Fearless, who returns shortly to Lagerland, Wis.

Bumping heads (ugh!) with the poloka for the season's first big weekend is Sgt. Bob Vandeventer, Station personnel office. He doesn't know polokas but he learned his football as a defensive back at South Georgia Junior College in '57 - '58.

BANJO KINGS

PM Observations

Kids on bicycles, kids on sidewalks and kids in the street means school has started. In the morning and afternoon "rush" hours there is a greatly increased traffic safety problem. We can reduce the possibility of one of our youngsters being injured by removing potential hazards.

One of the primary hazards is improperly parked cars and cars parked legally, but on the street. Cars parked on the street reduce traffic lanes and cause bike riders to swerve into traffic. Cars parked on the street also increase that post-accident statement of, "I didn't see him until it was too late. He just darted out from behind that parked car."

This problem can be eliminated by parking our cars in our driveways and marked stalls. This is especially true of that section of Lawrence Road, bounded by South

Lawrence Road, and McLennan Drive. Traffic funnels into this area during the "rush" hours and here the hazard is the greatest. The new housing area also has a greater problem than most areas, due to its narrow roadways.

Cooperation of all residents, automobile owners and operators is requested to reduce this hazardous situation.

Please park your cars in your driveways and marked stalls during the school "rush" hours and at all times when possible.

This month's big mixed happy hour will be held this afternoon in the Tapa room. Rick Hohn will be the featured entertainment. The regular stag bar can be found down on the Lanai. So bring me your tired, your weary, your hot and thirsty officers to the happy hour from 4-7 p.m. Free pupus, free entertainment, and those rock bottom prices.

Tomorrow night is the big one, "Roaring Twenties Night". This fun-packed evening begins at 6 p.m. on the Lanai and goes until who knows when. The uniform of the night will be a roaring twenties costume and the order of the day is fun, fun, fun!!

The dandies of Dixieland, "The Dixie Cats", will be trying to blow the roof off the Lanai with their red-hot music. Good dixieland music is hard to find, but this is the best.

The fabulous "Banjo Kings" will keep things rolling with their wonderful humor and banjo pick-in'. In addition you'll find everyone singing your favorite tunes as the sing-along continues.

All this and more for only \$3.50 per person (Includes dinner). Make your unit reservations before it is too late. Call 72081.

Please don't shoot our piano player (you might damage the piano).

A word to the wise! Do not send payment for your club bill through the guard mail.

By Dottie Hershey
A tip of the hat to the gals in the Production Group headed by Mrs. Marvin Rees for turning out in such quick order a fair share of the 3,000 Santa Claus Gift Bags Hawaii Red Cross was asked to make up by Oct. 1.

These 12" X 13" red and green nylon net bags will be stuffed with gift items and presented to our men in Viet Nam come Christmas Day.

It is now time to water proof America. Senior life saving courses are being scheduled now at the Station pool. Call the Field Director's office at 72606 or 73575 for further information or registration.
