Vol. 18 No. 28

Marine Corps Air Station, Kaneohe Bay, Hawaii

July 18, 1969

## Champ Skier, Chutists Slate Carnival Feats

Ken White, an internationally known water skier, will combine his many talents with other skiers from the Oahu and Hickam Water Ski Clubs to entertain the Water Carnival audience with his skill on and above the water.

A familiar sight to Carnival fans, Ken won the world "trick ski" title in 1965-66 in Queensland, Australia, defeating competitors from 34 nations in the process.

### SET RECORD

In an earlier carnival, Ken set an Oahu ski jump record when he soared 113 feet after hitting the jump ramp. He also performs high above the bay while suspended from an oversized kite pulled by a power boat.

Both ski clubs work many hours perfecting their performance for Water Carnival fans. That "practice pays" is readily proven by their intricate maneuvers over the waters of the bay.

The Marine Corps' oldest sport parachute club, reactivated in October 1966 after a short inactive period due to Vietnam commitments, will be represented once again as three of its members drop out of the sky in an exhibition of precision jumping.

### BOTH DAYS

Ray Compton, Scott Gritton and Kent Meyer will jump both Saturday and Sunday during the Water Carnival.

They will not be alone in floating down into the Bay. Marine Reservists from the 6th Force Reconnaissance Company, will follow them out in a demonstration of a combat jump both days.

Still another unit, the 1st Air Naval Gunfire Liaison Company, (ANGLICO), stationed show their capabilities as jumpers in a combat-type drop.

Colonel Bevan G. Cass

## Col. B. Cass Takes Brigade Command

Colonel Bevan G. Cass will assume command of the First Marine Brigade today during ceremonies to be held adjacent to Hangar 101 at 3 p.m.

The ceremony will be highlighted by a pass in review of Brigade units and will be open to the public.

Colonel Cass, who recently completed a tour of duty with the Military Assistance Command in Vietnam, relieves Colonel William C. McGraw. Colonel McGraw has been reassigned to duties with Marine Air units in the Western Pacific area.

Colonel Cass was born March 8, 1920, in Newark, N.J., and graduated from Germantown Academy, Philadelphia, Pa., in 1938. He was graduated from Virginia Military Institute in 1943.

He was commissioned a second lieutenant in the Marine Corps in August, 1943, and has served on continuous active duty since that time.

Following basic officer's training at Quantico, Va., he was transferred to Camp Lejeune, N.C., in December, 1943. He was first assigned as a platoon commander with 9th Battalion and one month later transferred to the 18th Defense Bn.

He took part in the campaigns for Saipan and Tinian in the summer of 1944 with that unit. In November, 1944, he was assigned to duty as aide to the Commanding General, 6th Marine Division. In that capacity he was involved in the Okinawa Campaign.

In August, 1945, he became Staff Secretary, Task Group A, 3rd Fleet Landing Force, a position he held for one month until the peace treaty was signed in September.

From October, 1945, to May, 1948, he was stationed at Headquarters Marine Corps, Washington, D.C., first with the Division of Reserve as a Naval Reserve Officers Training Course lecturer and then, in February, 1946, was assistant operations officers of the Division of Printing and Publications.

In July, 1948, he was transferred to Marine Barracks, Guantanamo Bay, Cuba, where he was a company commander until May, 1950.

Public Parking for the ceremony will be on the east side of Hangar 101. Parking for invited guests will be between Hangars 101 and 102. Guests attending the reception afterwards at the O' Club are asked to use C Street and Read Road, from the hangar area.

His next assignment was to Artillery School at Ft. Sill, Okla., where he attended the advanced course. In April of 1951 he was transferred to the 1st 155 Gun Bn., where he served as operations officer.

## MATCU And MARS Aiding Apollo Shot

Two units from K-Bay have been assigned missions connected with the Apollo 11 flight and President Nixon's visit to Johnston Island.

Marine Air Traffic Control Unit - 70 (MATCU-70) is assigned as the primary ground radar support for Air Force One's flight into Johnston Island. K-Bay's Military Affiliate Radio System (MARS) is the emergency back-up facility for communications from the Hornet. The Hornet is the recovery ship for the Apollo astronauts.

### FOR NIXON'S FLIGHT

Three officers, 13 enlisted men, and the equipment of MATCU-70 flew out of K-Bay yesterday for Johnston Island. MATCU - 70 provides ground controlled approach radar.

At Johnston Island, they will be the sole ground control radar for the President's flight.

Should it prove necessary, they could bring Air Force One down to an altitude of 200 feet and within 1/4 mile of the runway.

Selected due to their high mobility, MATCU-70 can move its entire operation at the proverbial drop of a hat. The "hat" for this mission consists of two C-130s and 34,000 lbs. of equipment.

### EMERGENCY BACKUP

Providing the back-up communications for the Hornet is K-Bay's MARS station. K-Bay was the first MARS station to establish contact with the Hornet. Contact was established on July 14 at 2 p.m.

The circuit was authorized by the Chief Navy - Marine Corps MARS, Washington, D.C. It will be available for phone patching from either the Hornet to Hawaii or via Hawaii to the mainland.

## News Briefs

A power outage which was scheduled to occur on July 13 and 20, will instead take place on Sunday July 27 from 9 a.m. to 1 p.m. The power outage will involve the entire station, including all base housing. Emergency power will NOT be provided.

\*\*\*

The Post Office will close at 11:30 a.m. today due to the change of command ceremony. They will open as usual Monday morning.

\*\*\*

The installation of the Fleet Reserve Association Branch No. 174 at K-Bay will be held today at 6:30 p.m. The ceremony will be held at the 19th Hole.

# Seventeen Lassies, Fair and Kempt,

# Swim Safely!

If you or any of your family are non-swimmers, now is the season to waterproof yourselves.

Whether you're a swimmer or not, the lure of the water is often irresistible in summer, making summer months the peak periods for drownings. In recent years, most drowning fatalities have occurred in the early months of summer, with July rating the highest, and June running a close second.

Even if you avoid entering the water this summer, because you are a poor or non-swimmer, there is a chance of meeting trouble. More than one-half of the thousands of drownings each year are labeled non-swimming fatalities - people who fell into the water from such spots as docks, bridges, shores and boats. These accidents have contributed to making drownings the fourth leading cause of accidents.

The National Safety Council advises that each person needs to learn: How to hold or row to someone in trouble in the water, how to stay afloat with clothes on, how to swim, and how to use simple life-saving skills.

Many groups such as the YMCA, YWCA, Boy Scouts, and Red Cross have classes that can teach you to swim at least 20 feet. Enroll now for the swimming lessons offered by these groups and beat crowded summer classes.

Waterproof yourself now for a fun-filled, safe summer in the water. (AFPS)

## K-Bay News Briefs

(from page 1)

Due to increased efficiency and automation, K-Bay's Credit Union has announced that higher dividends will be paid for each \$5.00 share. A 5 1/2% semi-annual rate rather than the usual 5% will be paid on each and every share held by Credit Union Stockholders.

★ ★ ★

Dependents using Tripler Army Hospital medical facilities are required to know their sponsor's social security number.

Pre-school registration for the fall semester will begin Aug. 4 and will run through August or until the quota has been reached. Registration will be taken at the Child Care Center, Bldg. 579, located on Reed Road. For further information, call 72608.

Also, parents are asked to please go by the Child Care Center anytime to claim articles of clothing that their children might have left behind. If the clothing is not claimed within two weeks, then it will be taken to the Thrift Shop.

### "YA GOTTA HAVE HEART" - AND CONCERN FOR OTHERS

By Chaplain William J. Biffar

If you read the gospels you will notice that our Lord had just as much time for the blind beggar who squatted on his haunches in the dust at the city gate as He did for the glamorous perfumed Magdalen. Jesus was just as interested in the lowest layer of the social structure, as He was in the Adducees who were the wealthy and aloof upper crust. Christ had come to save all. There would be no servants' entrance and no steerage in heaven!

It was not in heaven but upon this old earth of ours that our Lord met all these people. In this respect; I fear that many holy pictures and statues tend to give the wrong impression of our Savior. From them you might easily get the image of a serenely comfortable Christ leisurely pacing the walks of a flower garden.

The truth is that the moment our Blessed Savior appeared, the mob would swarm upon Him, a sweaty crowd, an ill-smelling crowd, their breath strong in His face and their cries loud to His ears. It was among these and not the marble statues of the saints, not their quiet people in the stained glass windows, so attractive in their antiseptic splendor, that Christ moved. It was for these that Christ lived and for whom He eventually died. He took the people as He found them. He was good to them as they were.

We, on the other hand, though we would scarcely admit it, secretly believe we could be nicer to people if more people were nicer to us. This is virtue? This is business. Some of us postpone being kind to others till they become a bit more educated, polished, attractive. But this may be waiting forever.

Perhaps you remember that old king, Charles V, who retired from kinging and took up watch-making. He had a whole hall, hung with a hundred clocks, and his ambition was to make them all chime high noon in perfect unison. He never succeeded of course, and sometimes would ruefully say, "What a fool I was as king, to hope for harmony among hundreds of thousands of human beings, when I cannot achieve it even with a hundred mechanical clocks."

Neither can we expect all people to be uniformly nice or educated or considerate. This, after all, is not our motive. We are supposed to be good to people not because they deserve it as individuals, but simply because they are people, human beings, brothers and sisters in Christ. And, above all, because God commands it! We must overlook their minor differences and see the great common denominator: sonship of God.

## Letter To Editor

### Writer Blasts Liberty Runs

Dear Windward Marine,

Could there be a sadder sight than a group of K-Bay Marines sitting on the curb at Hotel Street in front of the Armed Forces YMCA? It's nearly 1 a.m., a good weekend behind but only "haircut money" left, so all they can do is stare at the pornography shops and cheap dives across the street.

Could there be a sadder sight? Just one. The liberty bus zips by with a full load from the previous stop at Fort De-Russy or does not show up at all.

So the trooper starts hitch-hiking --- oftentimes more hiking than hitching.

Besides being an unreliable method of transportation, hitch-hiking can be dangerous. Last week a pack of pint-sized Primo Warriors provoked an incident with two Marines thumbing along the Pali. The Marines routed them but it could have been a different story.

The addition of another bus or just another scheduled run to take the surplus men left at De-Russy and the AFYMCA could remedy the situation and have an undeniable improvement on a man's morale and effectiveness.

#### LIBERTY BUS LEFTOVER

EDITOR'S NOTE: An even sadder situation could result should the Marines be arrested for hitch-hiking which is against the law in Hawaii.

## Bicycle Safety Rules Expanded

Last week Windy ran an article listing safe bicycling rules. In that article we INCORRECTLY stated that cyclists should always ride on the "left" side of the road. The correct rule is reprinted below with other safe cycling rules.

- Ride on the RIGHT side of the roadway; single file except when crossing.
- Walk bicycles across streets using appropriate crosswalks.

Bicycles operated at night must be equipped with a light visible from 200 feet to the front and a reflector visible for 200 feet to the rear.

● Bicycles must have a brake capable of skidding the wheel on dry level clean pavement.

● State licensing is required for all bikes leaving the Station.

# On Their Debut Do Not Be Exempt.

# Water Carnival Queen Candidates

**TINA SMITH, 19,** was chosen by "C" Co., 1/27. Standing 4'11", she measures 35-21-35, has brown eyes and auburn hair.

**SUSAN FENSTERMAKER, 21,** is "B" Co., 1/27's candidate. She stands 5'6", measures 37-25-36, has brown eyes and blonde hair.

PHOTOS BY  
SGT. KEN BLACKWELL  
AND CPL. KEN WALTERS  
OF STATION PHOTO LAB.

**BIRDENA SAMUEL, 19,** represents "A" Co., 1/27. She's 5'8", measures 35-24-35, has brown eyes and brown hair.

**PEGGY LYNNE MATTOX, 23,** represents "D" Btry. She's 5'6", 35-25-35½, with brown eyes and brown hair.

**DEBBIE ETHERTON, 16,** is H&S, 1/27's candidate. She's 5'3", 33-23-33, has brown eyes and brown hair.

**LEILANI MCCOY, 20,** is VMFA-235's representative. She's 34-25-38, stands 5'8", has blue eyes and blonde hair.

# K-Bay Salutes

## H&S

A meritorious mast is awarded to Cpl. W.J. Devlin for his "outstanding performance of duty" as manager of the Station Theatre.

## MACS-2

Promoted to their present ranks are Sgts. J.A. Edmondson, C.L. Snow, J.E. Hubbard, D.R. Plush and J.R. Palm; also promoted are LCpls. D.E. DeMercer, J.L. Wardlow, A.F. Taber and S.R. Shackloeth. PFCs L.P. Driver and G.R. Knoll are promoted. PFC G.R. Knoll also receives a GED certificate. The Driver of the Month Award goes to Cpl. A.R. Brown.

## MABS-24

Marine of the Quarter is awarded to Cpl. J.W. Trembl. Meritoriously promoted to his present rank is Sgt. A.R. Wade. Also promoted is Sgt. W.H. Johnson.

## 1/27

Three meritorious mast are awarded at 1/27 to GySgt. W.F. Trawick, LCpls. G.R. MacDonald and A. Graham. GySgt. Trawick was cited for performing his duties as a company Gunny and then as 1stSgt. in a superior manner and "disregarding the personal sacrifice of increased hours and the hectic pressure of constant confusion." LCpls. MacDonald and Graham were commended for their "exceptional performance of duty" as members of Class 4-69, NCO School, finishing second and third respectively.

## VMFA-212

Captain L. Ross is presented the Navy Achievement medal with Combat "V". Receiving his first Good Conduct Medal is Cpl. W.E. Richardson.

Named as Marines of the Month are Cpl. T.E. Smith for the month of May and Cpl. D.B. Godwin for June. Plane Captains for May and June are LCpl. R.R. Rice and Cpl. J.H. Adams Jr., respectively. Receiving Good Conduct Medals are LCpls. A.J. Inorvaia and R.G. Teague. Promoted to their present ranks are Cpl. R.B. Kornacki and LCpl. P.L. Moore. Completing MCI courses are LCpl. R.G. Teague, Individual Protective Measures, Cpls. J.W. Comfort, J.T. McGraw and M.D. Halvorson all completed the Marine NCO Course.

# Queen Due Many Prizes

The 1969 Water Carnival Queen, selected on the basis of unit participation, will not only reign the final afternoon of the carnival, but may need a pick-up truck to take her gifts home.

Generous local merchants have donated everything from a television set to health and beauty aids.

Units sponsoring queen candidates are reminded that the carnival is just 15 days away and if your candidate is to win and carry home the prizes, a "beeg push" is needed.

Motor Imports is donating the television set and the local Samsonite representative, Jack Chandler, has arranged for her to receive a beauty case and a 21" overnight case in the

color of her choice.

Julius Rothschild and Co., a manufacturer's agent, has donated a Lady's Watch.

Ault Supply Co. is preparing a package of health and beauty aids while the Maui Divers of Hawaii have donated a black pearl brooch.

A pair of Japanese abricons will go to the queen from Pratt Furniture Co. and Izo Brothers, Inc., will give her some fishing equipment.

Other concerns that have indicated they will donate gifts for the queen include Aberdeen of Hawaii, Zale's Jewelers, Pillsbury Co., Oscar Mayer, S&K Sales Co., Campbell Tire Co., Amar Sporting Goods, Crockett Sports, Inc., and Honolulu Electrical Products.

# Colonel Cass Takes Brigade Reins

(from page 1)

A series of artillery commands followed his tour in Washington. From February until June, 1958, he commanded the 4th 8-inch Howitzer Battery (Self-Propelled) and then took command of the 1st 8-inch Howitzer Btry (SP) until August. He commanded the 1st Bn., 12th Marine Regt., 3rd Marine Div., for a month and then re-assumed command of the 1st 8" How Btry (SP) in September.

From August until December, 1959, he commanded the 1st Heavy Artillery Rocket Battery, FMF. At that time he was assigned as executive officer of the 1st Field Artillery Group, FMF.

Colonel Cass was Assistant Chief of Staff, G-1 of Force Troops, FMF Pacific, from April, 1960 until November, 1961.

A three year tour as Naval Attache to the Dominican Republic followed.

He was commanding officer of the Basic School at Quantico, Va., from September 1966 until July of 1967 and then attended the National War College, Washington, D.C.

He was transferred to Vietnam in August of 1968 and served as Chief, Operations Plans and Requirements Division, J3, of the Military Assistance Command until his transfer here.

In April, 1952, he was transferred to Korea

where he was battalion operations officer with the 2nd Bn., 11th Marine Regt. He departed Korea in November, 1952, and rejoined the 1st 155 Gun Bn., where he served until April, 1955.

A three year tour at Headquarters Marine Corps followed, during which he served as assistant secretary on the General Staff and then as administrative assistant to the chairman of the Inter-Agency Defense Board.

He and his wife, the former Miss Winifred A. Jansen of White Plains, N.Y., have four children, Bevan G. Jr., 25, Sandra Ann, 23, Judith Ann, 17 and Susanne Virginia, 7.

# Seventeen Lasses of Much Finesse,

# MACS-2 Capturers Title In Second Track Meet

Taking second place in the two big relay events proved to be the margin of victory for MACS-2 in the last intramural track meet as the "Wingers" tallied 43 points against second place Disbursing with 33.

## CONSISTENT

The MACS-2 squad was consistent in both the field and track events, taking a first in the shot-put, a second in the high jump and a second and third in the broad jump. They combined this with a fine performance in the track events taking a first in the 220 yard dash and

eight big second place finishes including the two big relay events, the 440 yard relay and the mile relay.

The second place "Money men," were equally strong in the field events taking two first, two seconds and two thirds, but the track area proved to be their downfall as they could only muster one second and six thirds.

## ONLY CHALLENGER

The "Grunts" from 1/27 proved to be the only other challenger in the contest. Had they

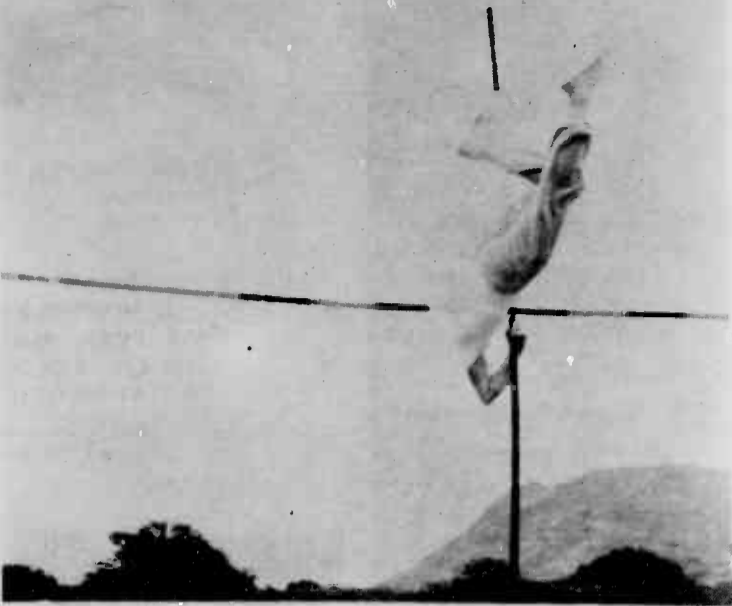

made a better showing in the field events, where they only managed a third in the Javelin, it could have been a three team race.

## NEW RECORDS

Two station records were broken in the meet as G. Brett from Brigade Medical pole-vaulted to a height of 11'6" which bettered his old mark of 10'6". Reginald Griffin of Hedron also bettered his own mark in the broad jump with a leap of 20'11" topping his previous distance of 20'3".

## STANDOUTS

Antonio Didonna of 1/27 and Griffin were the individual standouts in the meet as Didonna took firsts in both the mile run with a time of 5:13.8 and the 880 yard run with a 2:29.9 clocking. Griffin took top honors in both the broad jump and the 100 yard dash with a fine :10.6 time. Robert Prince of MACS-2 also did an

HEADS OR TAILS? . . . Greg Brett of Brigade Medical clears the bar in the pole vault event. Greg went on the set a new station record at 11'6". (USMC Photo by LCpl Chuck White).

outstanding job for his team as he took a first in the 220 yard dash and three seconds in the broad jump, high jump and 100 yard dash.

Following the leaders in team standings were 1/27, Hedron and Brigade Medical with 27, 20 and 17 points respectively. Rounding out the eight men field were VMFA-235 with seven points, H&S Brigade with six and

Special Services with five.

Below is a list of all the first place finishers.

- Discus - Stuart, Disbursing, 102'
- Pole Vault - Brett, Brig-Med., 11'6"
- Javelin - Koegel, Disbursing, 146'4"
- Broad Jump - Griffin, Hedron, 20'11"
- Shot Put - Carter, Macs-2, 34'7"
- High Jump - Wettic, Brig-Med., 5'8"
- 440 relay, Hedron, :49.6
- Mile run, Didonna, 1/27, 5:13.8
- 120 high hurdles, Jenkins, H&S Brig., 17.7
- 440 run, Livingston, Spec. Svc., 59.0
- 100 yd. dash, Griffin, Hedron, :10.6
- 880 yd. run, Didonna, 1/27, 2:29.9
- 220 yd. dash, Prince, Macs-2, :24.35
- Three mile run, Candelaria, 1/27, 19:20
- One mile relay, 1/27, 4:14.4

A MIGHTY HEAVE . . . Competition was keen in the javelin events as one of the many competitors let's one fly. (USMC Photo by LCpl Chuck White).

## Junior Rifle Club Holds First Parent-Junior Match

A bright, sunny but windy day greeted the competitors in the K-Bay Junior Rifle Club first Parent - Junior Match held at K-Bay range complex July 12.

The event yielded a total of 20 teams and competition was keen with all teams keeping an eye on the scoreboard.

The eventual match winners were W. Hohmann and his son Rick with an excellent score of 191-8x. Closely following were first place winners J. Wahl and his son Joe with a 190-5x; sec-

ond place winners R. Anti and daughter Sharon, and third place winners S. Meahl and his son Tom with a 187-9x.

The winners of the special award for Mother Junior Team was won by Mrs. Donna Anti and her daughter Sharon with a score of 181-5x.

Assistant club leader T.R. Spinning, acted as match official and stated that the match was a great success and certainly helped weld both parent and junior relationships.

## K-Bay Sports In Brief

Play in last Thursday's women's golf was Stableford. In Stableford play, points are based on the following system. One point for a bogie, two points for a par, three points for a birdie and four points for an eagle. The player with the highest

point total wins the match.

Sally Clifford took first place in the "A" flight with 35 points. Flo Kulakowski was second with 30 points.

In the "B" flight, Edna Kilbourn took honors with an excellent total of 44 points. Gene

Tiernan finished second with 35.

In the last flight of the day Joan Hanrahan came out on top with 35 points followed by Jonne Stilson with 33.

Here are the standings in the SNCO Wives bowling league.

TEAM	WON	LOST
Snappers	10	2
Creepers	7	5
Unpredictables	6	6
Hee-Haws	5	7
Splitters	4	8
Impossible	4	8

High Average	Venia Sattazahn - 155
High Series	Burnice McManus - 468
	Betty Laferriere - 468
High Game	June Ludwig - 168
	Maudie Malmfeldt - 168

High Series w/h	Diane Zukowski - 542
High Game w/h	Lynne Smallwood - 195
	Betty Laferriere 5 - 7 Split

In Little League Tournament action last Friday, the K-Bay entry was defeated by the Kailua Nationals 6 - 1. This eliminated them from further tournament play. However, in the consolation game played on Saturday, K-Bay defeated Kahaluu 6 - 3.

### March Play

If a player, when starting a hole, play a ball from outside the teeing ground, the opponent may immediately require the player to replay the stroke, in which case the player shall tee a ball and play the stroke from within the teeing ground, without penalty. Rule 13-1.

### Stroke Play

If a competitor, when starting a hole, play his first stroke from outside the teeing ground, he shall count that stroke and any subsequent stroke so played and then play from within the teeing ground with the privilege of teeing his ball. PENALTY: Disqualification. Rule 13-2.

NOTE: Stance. A player may take his stance outside the teeing ground to play a ball within it.

# Seventeen Lasses Vie For A Throne

# Chuck's Notes

Here's something a lot of Marines at K-Bay will want to take advantage of. It's a K-Bay Officials Association, which is now being formed. The program is aimed at supplying referees for the upcoming intramural flag football season. Should the program prove successful, members will continue to referee throughout the Basketball and Softball seasons.

The association is being formed by Glen Murphy and Howard Corley, both members of the Armed Forces Official Associations.

Murphy stated that persons interested in the program will go through a series of classes, tests and actual on the field training.

Anyone interested in joining the Association can contact Glen Murphy at 73674 DWH or 254-2594 AWH. Howard Corley can be contacted at 72981 DWH or 254-2690 AWH.

## PISTOL MATCH

Don't forget the novice pistol match to be held tomorrow at the K-Bay pistol range. Any service personnel or dependents of 13 years of age are eligible. Anyone entering the matches however, must not have fired in any competitive shooting before.

The K-Bay Rifle and Pistol Club will supply pistols and ammunition. Action will start at 9 a.m. and last until 1 p.m. entry fee is \$1 per match and an individual may shoot in more than one match if he or she so desires. There will be one K-Bay Rifle and Pistol Club Medal for every eight shooters entered.

## BOWLING TOURNAMENT

Some great prizes are still up for grabs in the 3-6-9 no-tap bowling tournament now underway at the base lanes. The tournament started July 1 and will run through July 27. All military personnel and their dependents, male or female, 16 years or older are eligible. Avoid the last minute rush and sign up now by calling the base lanes at 72597. Entry fee is still \$2.50 per person.

Some of the prizes are: a weekend for two on a neighboring island, Ebonite bowling ball, bag and shoes and free tickets for the 1969 Pontiac Firebird automobile which will be given away at this years Water Carnival.

All proceeds from the tournament will be turned over to the Water Carnival Fund.

## FORMER CHAMPION

Here's some heavyweight news. Internationally known boxer Lou Nova will visit K-Bay this Sunday at 2 p.m. in Theater No. 1. Nova is appearing in a USO group which is just returning from a tour of the Pacific.

As a boxer he won the World's Amateur Heavyweight Championship in Paris in 1935, as well as the U.S. Championship.

After turning pro, Nova enjoyed an excellent pro career until he met Joe Louis for the heavyweight championship in 1941. Louis KO'd Nova in the sixth round before 56,875 avid fans.

Lou Nova is presently enjoying the entertainment business. He is a nightclub entertainer and a traveling lecturer on good health and proper diet.

## WHEELS OF OAHU

"Jolly" Sheets from the Wheels of Oahu motorcycle club stopped by to make a not so jolly announcement. The Wheels of Oahu have moved their clubhouse from Hangar #101 to the Old Moku School. Anyone who has a motorcycle or parts in the old clubhouse will have to remove it by tomorrow.

## ARCHERY SHOOT

The Windward Bowmen Archery Club will host an "American Round" Archery Tournament tonight on the K-Bay driving range. First arrows will fly at 7:30 p.m.

This will be another first for the local bowmen. It will be the first time an outdoor target tournament has been shot at night in the islands. Shooters from other Armed Forces clubs and the civilian communities have been invited and competition for awards in the men's, women's, and youth divisions will be keen. Ribbons will be awarded for placing six out of six arrows in the bullseye from 40, 50 and 60 yards.

# VMFA-235 Pulls Even; Defeat 'Grunts' 4-3

Last Friday night at K-Bay's Pollack Field, a near capacity crowd saw one of the best intramural softball games of the season as the high flying squad from VMFA-235 gained a piece of the number one position by defeating 1/27#1 4-3.

It was a crucial game for both teams as the "Grunts" were undefeated and stood in the top spot in the intramural

league. The 235 team had only been defeated once and were out to pull even with the "Grunts."

Neither team could muster a run for the first three innings as both R. Williams of 1/27 and J. Hurst of 235 were locked in a real pitchers duel.

In the top of the fourth however, 1/27 took advantage of one hit and four big errors by the "Wingers" and sent three

runs home.

It was the fifth inning before 235 could strike back. After two outs, second baseman Abad drew a walk, and then scored on two wild pitches. After holding the "Grunts" scoreless in the top of the sixth, the "Wingers" started their bats booming as three straight singles by Johnson, Shaffer and Malmfeldt loaded the bases. Catcher Hawkinson then lashed the ball into right field scoring Johnson, and Shaffer and sending Malmfeldt to third with the potential winning run.

Shortstop Williams was the man who followed with the biggest RBI of the season as he sent a sacrifice fly to right field scoring Malmfeldt from third with the winning run. Hurt then held the "Grunts" scoreless in their half of the seventh to gain a fine three hit victory.

Both teams are now in a deadlock for top spot in the league.

In Friday night's 6 p.m. opener, 1st Anglico dumped MACS-2 in a high scoring contest 17-14.

**MARINES FINEST . . .** Here are the members of this year's Hawaiian Marine golf team which recently competed in the Hawaiian Interservice Golf Tournament. They are: L to R front row T. Green, G. Takabayshi, C. Mondoux, T. Smith, R. Werner. Back row L to R: R. McIntire, J. Rainey, W. Teirnan, R. Fortie, and N. Day. Missing from the picture is J. Graham. (USMC Photo by LCpl Chuck White).

## Singles Tennis Tourney Slated To Begin Aug. 4

In the latest tennis action, H. DeCastro moved into fifth position on the challenge ladder by defeating R. Darby 6-4, 6-2.

In upcoming matches this Sunday, DeCastro has challenged D. Amey and Darby has challenged L. Healy.

A singles tournament will commence August 4. Any military personnel stationed at K-Bay may enter by call Special Services at 73135. To be seeded in the tournament however, a player must be on the tennis ladder listed below.

Anyone may gain a spot on the ladder by calling whomever they want to challenge at the numbers listed below,

Matka	72045
Lashlee	73291
Arney	72012
Wilson	72240
DeCastro	73212
Healy	73275
Darby	73555
Dearing	72232

# You To Choose Her Royal Highness.

# Why Skate When You Can Sail?

Story by PFC L.M. Estrada

In addition to expert instruction, the low price of rentals acts as a further incentive to those who desire to learn how to sail or ski. According to Cpl. Smokey Brusky, who's in charge of maintenance and repairs, K-Bay's Boathouse offers the most reasonable rental prices on skis and boats than any other boathouse on the island. "This includes such facilities as those located at Hickam and Bellows. For ex-

ample, a Cal-20, which is comparable to a small sailing yacht, can be rented as inexpensively as a \$1.75 for half a day and \$3.50 for a whole day; while outboard ski boats cost \$3.25 for half day.

## MORE CRAFT

In the very near future, the Boathouse expects to receive two new additions to its fleet. Two Rhodes-19's, which are reputed to be one of the best sailing vessels

Photos by PFC S.M. Carter

afloat, are expected to arrive at K-Bay within a month. Like K-Bay's other boats they will be made available for rental. It's important to note that reservations on any boat can be made 48 hours in advance by on base personnel and 24 hours in advance by off base personnel.

K-Bay's Boathouse provides many opportunities for learning an exciting water sport. Whether you are a beginner or an experienced sailor or skier don't overlook K-Bay's tremendous water facilities for some fine fun.

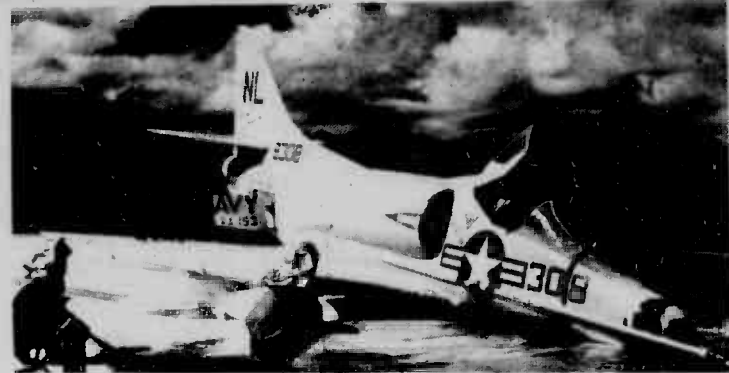

Would you like to be the captain of your own sailing ship? This is not as improbable as it may seem.

One of the most fascinating aspects of Hawaii is its year around water sports. Many Marines at K-Bay have already become avid surfing and body surfing enthusiasts. Besides these popular water sports, K-Bay's Boathouse offers Marines a chance to enjoy other aquatic activities which would normally prove very expensive.

## LEARN-HOW

K-Bay's Boathouse which is right down the street from the Base Service Station is more than willing to teach any Marine or military dependent the basic fundamentals of sailing and water skiing. Every Saturday morning at 9 a.m. free sailing lessons are given to all who are interested. Under the direction of Al Herendeen and (Col) Skipper Small, K-Bay's Boathouse has amassed a small armada of sailing vessels and outboard motor boats which are available for use at virtually any time.

The Boathouse prides itself on its well-trained staff and its "inexhaustible supply of patience." As Al Herendeen, manager of the Boathouse, pointed out, "Anyone can learn to sail or ski if given enough time and confidence." Therefore, beginning sailors or landlubbers need not feel embarrassed or self-conscious about their lack of sailing prowess.

VALUABLE INSURANCE - Morest stopped his A-4 in 310 feet. It could have traveled 4,000 feet and on into the bay.

OOPS! - This F-8 failed to catch the arresting gear. The result is obvious.

## Morest: Pilot's Insurance

By PFC J.O. Long

It would happen on a typical humdrum day. Somewhere between the perennial coffee and cigarette. A pilot's call breaks into the radio static.

"Kaneohe tower. This is Whisky Delta 6. I have a malfunction in my forward landing gear. Request emergency mostest landing. Repeat. Request emergency mostest landing."

Immediately Crash Crew, Sea and Air Rescue, and the ambulance would be notified. But what is a mostest landing and who are the people responsible for it?

Mostest is the old term for what is now Station Aircraft Recovery Section. At K-Bay it is composed of an 11 man section led by Capt. I L. Sylvester. Their mission is to provide the air station with emergency arresting gear.

Their main equipment is the E-28 rotary hydraulic arresting gear. This emergency arresting gear prevents aircraft from overrunning the runway.

The E-28 implements two energy absorbers, one on each side of the runway. Stretched between them and wound around twin drums is nylon purchase tape. The concept is for the plane's hook to catch the tape, and the energy absorbers to dissipate the plane's kinetic energy.

The E-28 can stop a plane weighing 78,000 lbs. and traveling up to 160 knots.

Photos by SSgt. S. D. Sheats

The pilot desiring an emergency arrested landing has two choices for catching the tape. He may use the roll out method, where he rolls into the tape. Or he may fly in, and catch the tape carrier style.

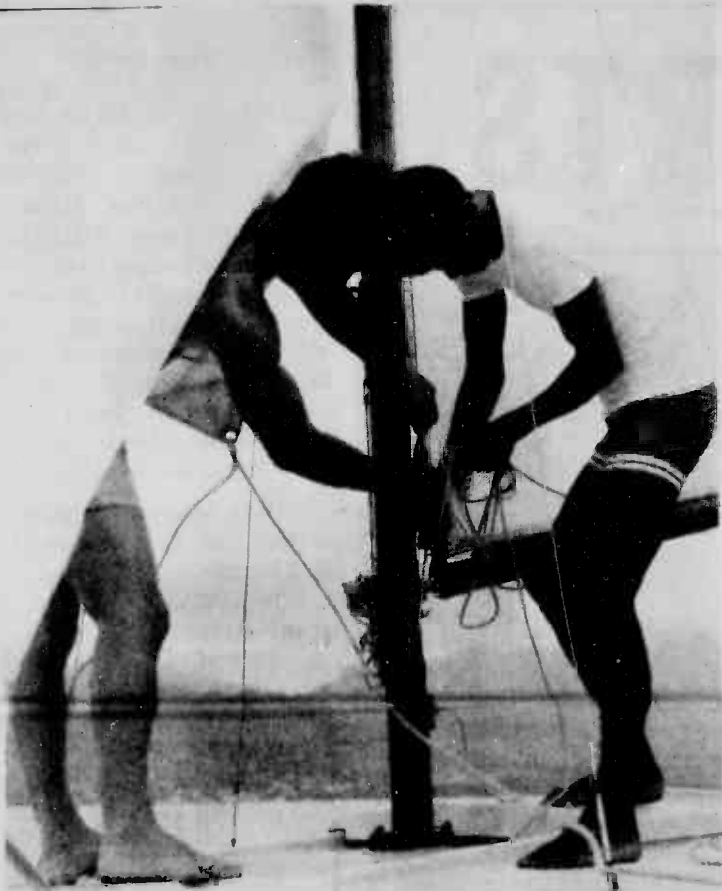

The roll in is used when the pilot merely wants to stop quickly due to a warning light. The fly in is used whenever the pilot fears a loss of brakes or landing equipment and wants to make sure he can be stopped before he commits himself.

The emergency arresting men are all school trained. They attend the basic aviation school at Memphis for around three months. Afterward they receive an additional two months specialized training at Lakehurst, NJ

Since 1961, the station arresting gear has stopped over 15,000 aircraft. However, only one has been an actual emergency.

In addition to the E-28s on station, K-Bay has two other emergency arresting systems. Crash Crew has two E-5s (chain gears) and MAG-24 has the M-21.

Basically, the Station Aircraft Recovery Section is a form of insurance. Like your car insurance, most of the time it seems to actually accomplish little. But just in case, the Recovery Section is making sure that the premiums are being paid in full.

SETTING SAIL - Two of K-Bay's sailors are shown here preparing to set sail for parts unknown.

RIDING THE HIGH SEAS - K-Bay's Boathouse provides an excellent opportunity to test one's "sea legs".

# On Which the Queen Shall Sit Alone.

# USO Show Features Ex-Boxer Lou Nova

Lou Nova, internationally-known boxer, a Coast Guard veteran, and a widely acclaimed entertainer, known as "The Gentleman of Wit," will visit K-Bay this Sunday at 2 p.m. in Theater No. 1. His show includes two lovely girls; Lana Lee,

sponsored by the USO - Hollywood Overseas Committee and the Department of Defense.

An actor, a speaker and an emcee, Lou Nova will present amusing stories, songs and poetry in his own unusual fashion.

As a boxer he won the World's Amateur Heavy-weight Championship in Paris in 1935, as well as the U.S. Championship. The prior U.S. Amateur Champ was Joe Louis. Demonstrating his superb skill, Nova fought 87 bouts and lost five; knocked out Max Baer twice. Nova was undefeated in 20 pro fights over a two - and - a half - year period until he met Maxie Rosenbloom at the old Hollywood Legion Stadium in June 1939.

In addition to his athletic career, Lou has appeared in three Broadway plays, 28 movies and countless TV shows.

Lou Nova

a singer and dancer from Albuquerque, N.M., and Beth Ann, pianist from New York City; also Ron Lee, singer and guitarist from Honolulu. The group is just returning from a tour of the Pacific, a tour

## A Busy Month Set For K-Bay Staff Wives

By Silly Correia

Last month's outstanding Thrift Shop worker of the month award went to Eunice Johnson.

This month is a busy one as far as coming and doings are concerned. There have been Aloha coffees and parties, a fashion show, trash and treasure, picnic and bake sales to earn funds for our next Island trip. Anyone wishing to go with us are reminded that now is the time to prepare. I would like to add that any Staff wife may come to the coffee and social to meet the girls and join in on the fun before she decides to join.

I would like to remind you that all profits from the Thrift Shop go to charity, and we are now in the process of finding a good home for a few dollars. Any service affiliated association may come under consideration. If you have any suggestions please get in touch with Peggy Mitrovich at 254-2891 or Angela Crews at 254-3346.

**HOURS OF OPERATION**  
Monday through Saturday - 9 a.m. to 9 p.m.  
Sunday, July 27 - 1 to 6 p.m.

Choice - of - the - Month Book for July at the Station Library is "Black Ship" by Paul and Sheila Mandel.

"Black Ship" unfolds with that special combination of suspense and grim humor that prevades the best of the best of the anti-war novels.

The plan... extraordinary, against all odds and official orders.

No one could sink the ominous and elusive German S.S. destroyer... Black Ship.

The English failed, the Dutch failed, and finally, a young American P.T. boat officer is coerced

TAMURE! - The High Talking Chief Atufali and his wife dance to the songs of Samoa for a crowd of nearly 250 at K-Bay Saturday.

## Water Carnival Invites Artists

Artists and art patrons are cordially invited to attend the art exhibition and sale at the K-Bay Water Carnival. The exhibition will be located at Hangar 105 and will be open from 11 a.m. to 5 p.m. Saturday, Aug. 2, and from 11 a.m. to 6 p.m. Aug. 3.

The works of island artists, both professional and amateur, will be featured. There is no admission charge and a percentage of the sale's proceeds will be contributed to the Water Carnival fund.

So far, about 10 artists have submitted 40 paintings in the art show. The variety of divisions include landscapes, seascapes, oils, water colors and collages.

Exhibits may be entered by either civilian or military personnel by calling Myrna Olson at 254-3265.

## Exhibition Helps Samoans Return To Home Islands

Several K-Bay motorists were surprised to see men, with machetes in hand, skampering up palm trees here Saturday.

All was well, the tree climbers were Samoans from the Waipahu Samoan Congregational Church of Christ. They were cutting palm leaves for part of a Samoan Exhibition given here the 14th. to aid 48 Samoans.

The Samoans were stranded here following Samoan Flag Day Ceremonies in Honolulu recently, and the exhibition

at K-Bay was given to help raise funds for their return to American Samoa.

The exhibition included basket weaving and the songs and dances traditional to the Samoan Islanders.

Donations collected during the exhibition, from different K-Bay units, and \$200 donated by the Protestant and Catholic churches here, totaled more than \$500.

## Chaplain Fletcher Active In Protestant Chapel, PTA

"My work is 90% humanitarian and 10% religious." So describes Lt. Joel Fletcher, Station Protestant chaplain, who marks his ninth year in the Navy today. In addition, he is the Protestant Brig chaplain and the battalion chaplain.

"Any man in the battalion who has a problem, religious or otherwise, comes directly to me. I individually counsel between 250 to 260 men a quarter, and I average about one marriage a week."

Chaplain Fletcher explains that the Chapel's program "deals primarily in meeting the needs of the single Marine, but not many take advantage of the program."

As if the chaplain did not have enough responsibilities, he's also president of the PTA for the coming school year.

K-Bay's Protestant Chaplain is unique in that he is the fifth Latter Day Saint (Mormon) to become a chaplain in the Navy.

He was an enlisted Seabee for four and a half years before becoming an officer. In November 1968, he took the oath of office as chaplain. This is his first tour of duty with Marines.

The chaplain has been to Vietnam, but not as a chaplain. "Marines are a lot easier to get close to, especially in Vietnam, where the chaplain eats, sleeps and shares the same experiences with the men."
