

1st Lt. C. W. Fleischer

# Vietnam Combat Action Earns Silver Star For 1stLt. Fleischer

REFERENCE BRANCH

First Lieutenant Charles W. Fleischer, Jr., was presented the Silver Star Medal in ceremonies held here Jan. 21.

The Nation's third highest combat award was presented by

Major H. F. Sharp, acting commanding officer, First Air/Naval Gunfire Liaison Company (ANGLICO) to Lieutenant Fleischer for conspicuous gallantry and intrepidity in action while serving

in the Republic of Vietnam in March 1970.

On March 6, 1970 Lieutenant Fleischer, currently serving with ANGLICO, was a Section Leader in a flight of two transport helicopters assigned the task of delivering Marine ground forces deep into enemy-controlled territory. The mission was to land the Marines southwest of Thuong Duc in Quang Nam Province.

Lieutenant Fleischer landed the first group of Marines without incident and returned to the An Hoa Combat Base for a second group. As he approached the area for the second time he learned his earlier passengers were engaged in heavy combat with North Vietnamese Army forces.

When he attempted to reinforce the Marines already on the ground, his aircraft came under heavy enemy fire and received crippling damages. Seventeen of the Marines aboard were wounded by the devastating North Vietnamese Army fire.

Forced to land his crippled helicopter he directed the lesser

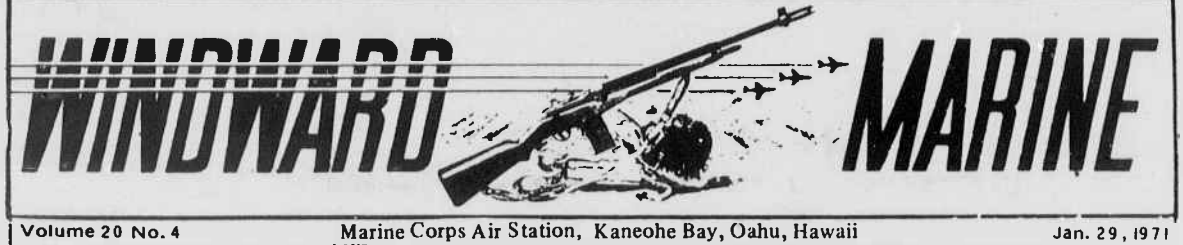

wounded Marines to aid the seriously wounded and take cover in the tall elephant grass which surrounded the area.

He continuously disregarded his own safety by exposing himself openly to enemy fire in order to save several of his men.

He reentered his downed aircraft, under intense enemy fire, cut his unconscious crew chief from his safety harness and destroyed all classified material.

Still disregarding his own safety he repeatedly exposed himself in order to pinpoint hostile targets and call in bombing and strafing runs on the enemy bunker complexes.

As a final result of his heroic action the enemy was routed and destroyed and his men were medically evacuated to safety. By his courage, bold initiative, and selfless devotion to duty at grave personal risk, First Lieutenant Fleischer saved several Marines lives and upheld the highest tradition of the Marine Corps.

Volume 20 No. 4 Marine Corps Air Station, Kaneohe Bay, Oahu, Hawaii Jan. 29, 1971

## Jannette Haas Nominated For Military Wife Of '71

Mrs. Carl S. Haas has been selected by the Kaneohe Marine Corps Air Station's Staff Non Commissioned Officers Wives Club to be their nominee in the 1971 Military Wife of the Year contest.

Mrs. Haas, who prefers to be called Jan which is short for Jannette arrived aboard the Air Station six months ago with her husband and three children: Virginia, Gene and Joline.

Since that time Jan has joined in all functions of the Staff

Wives Club and helped coordinate a project between the club and a convalescent center for the elderly where she worked during the Thanksgiving holiday.

She has shown a keen interest for the welfare of both the old and young as is evident by her participation in her children's school functions. Being a Room Mother for one and a Playground Chairman for the other is only a small part of Jan's participation. She is also the fourth grade Chairman for the school's Parent Teacher Association Carnival in

May and a relief Sunday School teacher at the Station Chapel. However, she still finds time to work with school officials in a special testing program which has been established for kindergarten children.

An American Red Cross Caseworker, who has just recently become a Red Cross Nurse, Jan will be teaching a Mother's aid course for teen-age babysitters and a Mother and Baby Care Course for expectant parents. She has also helped in the blood banks, clinics, and testing center whenever she was needed and played a very significant part in the success of the Heart Fund Drive while living in Jacksonville, Florida this past year.

As a registered nurse Mrs. Haas has worked at the

## Queen Contest Underway

The 1971 K-Bay Water Carnival Queen Contest one of the biggest events of the year at K-Bay begins this week and runs through May 15. General guidelines for the contest are contained in Station Bulletin 1746 of Jan. 15, 1971.

The purpose of the contest is to raise funds to support the K-Bay Youth Activities Program which includes such activities as Little League Baseball, Youth Football, The Summer Fun Program, The Teenage Club, Boy Scouts, Cub Scouts, Girl Scouts, Jr. Rifle Club, Jr. Bowling, Swim Club, Youth Baseball, which directly benefit the youth of this community.

The queen will be selected,

based on the total donation made by the sponsoring units. Sponsoring units and the number of queen candidates eligible from that unit are: H&S Co., 1stMarBde, ProvServ Bn, one candidate; MABS-24, MATCU-70 and MACS-2, one candidate; H&MS-24 and HEDRON, one candidate; VMFA-122, VMFA-212, VMFA-235, one candidate; First Battalion Third Marines, two candidates; H&HS, MCAS, two candidates; AMTRACS, 9th Eng., ANGLICO and Sub Unit Two 1st Radio Bn., one candidate.

Sponsoring units are encouraged to conduct internal eliminations, but finalist must be selected by March 15.

Queen candidates must be unmarried and at least 17 years of age, but not over 25 on May 1.

Queen contest ballots will be made available to each unit's Queen Contest Representative.

At 2 p.m. on Sunday, May 16, the Queen will be crowned and a drawing will be held from all ballot stubs received. Nine prizes will be given away, including a Toyota Corolla Fastback Coupe, Toyota Corolla, 2-Door Sedan, Boat Motor and trailer, plus Two round trip tickets to Las Vegas.

For further information concerning this year's contest, contact the Queen Contest Director Capt. Cardoza at 73120, or your unit queen contest representative.

Mrs. Haas

Hahnemann Medical College & Hospital and the St. Agnes Hospital in Philadelphia, Pennsylvania; Santa Anna Community Hospital in Santa Anna, California; The New York Hospital, N.Y., N.Y.; Flatbush General, N.Y.; Onslow Memorial, Jacksonville, N.C.; Brooklyn Veteran's Hospital, Brooklyn, N.Y.; Hempstead General, Long Island, N.Y.; Doctor's Hospital, Jacksonville, Fla.; and the Toms River Community, Toms River, N.J.

Not forgetting the benefits that she received from being a Girl Scout Jan was the Assistant Brownie leader for one year, Brownie Leader for one year and is now an Assistant Junior Leader. Her scouts have done many projects including one for a hospital pediatric ward, a retarded children's hospital, a convalescent home, and an ecology project here

(See Wife Pg. 6)

## 1stLt McCall Awarded DFC

First Lieutenant Noris L. McCall was awarded the country's fifth highest combat decoration, the Distinguished Flying Cross during ceremonies held here Jan. 21.

Major H. F. Sharp, acting commanding officer, First Air/Naval Gunfire Liaison Company (ANGLICO), made the presentation to the 25-year-old Marine officer.

Lieutenant McCall,

currently serving with ANGLICO, earned the decoration while serving in the Republic of South Vietnam in March 1970. Attached to Marine Light Helicopter Squadron-367, First Marine Aircraft Wing, the young lieutenant was the Section Leader of two AH-1G Cobra helicopters.

His mission was to support the insertion of two seven-man Marine Reconnaissance teams into the Nong Son Valley. The valley was suspected to be close to enemy movements.

## Dental Health Week Feb. 8

A preventive dentistry treatment for dependent children will be offered during National Children's Dental Health Week, Feb. 13, by the K-Bay Dental Dept. All school-aged children of active duty military personnel stationed or housed at K-Bay are eligible.

According to Commander J. D. Crawford, the Brigade Dental Officer, "Flouride is applied directly to the teeth in the dentists' office and is desirable for children regardless of whether their water is flouridated." The Commander also stated that "children whose drinking water is flouridated should not be given vitamins with a flouride component. This may lead to an undesirable esthetic effect to the teeth."

Parents wanting to take advantage of the preventive treatments for their children must pick up a special dentifrice and tablet between Feb. 8 - 12 at the dental department, Bldg. 216, during working hours.

Before bringing the child to the dental clinic on Feb. 13, for treatment (see schedule below), the child must chew the

(See Flouride Pg. 3)

The teams were inserted safely but traveled only a short distance before becoming engaged in heated combat with a strong North Vietnamese Army force.

Responding to the Marines call to be extracted the lieutenant instructed them to mark their position and then move to a nearby stream bed. He then followed with a smoke screen of his own to further hide the beleaguered troops and began an airborne assault on the North Vietnamese Army force. He continued his assault until a second helicopter arrived to carry the men to safety.

Lieutenant McCall is a native of Bellville, Illinois and attended the University of Southern Illinois from 1964 to 1966.

1st Lt. N. L. McCall

## Did You Know

Recently, Commercial Airlines have reported an upsurge in military personnel requesting reduced standby and reservation fares without the required DD form 1580 in their possession. Recent changes to service policies by which formal orders for week-end leave are no longer required may tend to increase this problem. DD form is necessary for military personnel desiring to avail themselves of reduced air fares for leave travel. Requirement is a provision of carrier tariffs which have the full force and effect of law. Lacking the DD form 1580, airline personnel have no alternative but to collect the full fare.

# News In Brief

## Dog License

It is annual renewal time for all dog licenses with the city and county of Honolulu. Please be advised that new registration numbers must be on file with the Provost Marshal's Office (72058), by March 10. Registration forms are available at PMO, Bldg. 256 or Station Veterinarian, Bldg. 462.

## Pool Regulations

All parents are reminded to comply with the Station pool regulations concerning children. All children 10 years of age or younger must be accompanied by an adult. Children 10-15 years of age must be accompanied by someone 16 years of age or older. All patrons will have I.D. cards in their possession as they will be checked.

## Civil Defense Sirens Tested

In connection with the monthly sounding of Civil Defense sirens on the Island of Oahu, military sirens at shore installations will be tested on Monday, Feb. 1, at 30 seconds prior to 11 a.m. The test will consist of a steady blast of one minute duration followed by one minute of silence. The purpose of the test is to ensure each siren is operative. The tidal wave warning system will be tested one minute after termination of the wailing tone. This will be a one minute steady blast on the coastal sirens only (NAS Barbers Point and MCAS Kaneohe).

## Safety Decals Expiring

Vehicle Safety Inspection Decals are expiring monthly. Check yours now to avoid an unnecessary traffic ticket. Personnel with vehicles parked in the Main Gate lot that do not possess or exhibit a PMO permit are advised that these vehicles will be towed away at the owners expense commencing Feb. 1.

## Pottery Classes

If you're interested in the pottery classes to be held at the Special Services ceramics shop soon, then you should call 72541 and sign up for the classes. Pat LaRue, Station ceramist, has information about the course.

## National Prayer Day

Each year the Secretary of Defense announces an Annual National Prayer Day and encourages all ships and stations to arrange for simultaneous local observance is sponsored by the Senate and House Prayer Groups for the purpose of recognizing the moral and spiritual values upon which our nation was founded. The highest ranking government and military officials attend.

National prayer Day will be observed at K-Bay on Feb. 7. Catholic Masses will be held from 8-9:30 and 11 a.m. The Protestant Services will be held at 9 and 10:30 a.m.

## Child Care Center

As of Feb. 1, the Child Care Center will not be serving evening meal. Parents wishing to leave their children over the evening meal hour will have to pack a lunch.

## Deadline Set

Three bills have been enacted by Congress and signed by the President which entitle the Family Separation Allowance in situations where it was not previously payable.

The allowance will now be paid to a member even though he does not maintain a residence or household for his dependents subject to his management and control, if otherwise qualified.

Family Separation Allowance will also now be paid to a member whose family resides in government quarters, if otherwise qualified. It will also be paid on behalf of all members who are in a missing in action or prisoner of war status.

CALL 7-2141, 7-2142 or 72431 FOR ADDITIONAL INFORMATION.

# Bicycle Safety Reminders

Whether it is school time or vacation time, it is always a good idea to ride a bicycle safely. Listed below are some of the safety rules to follow aboard the Station. Remember, by following the rules you can help prevent yourself from getting into an accident.

Try to keep from riding on Mokapu and Lawrence Roads during heavy traffic which is from 7 - 7:30 a.m. and 4 - 4:30 p.m.

Go with the traffic riding as

near to the right side of the road as possible. Do not ride a bicycle on congested sidewalks.

Ride single file and not alongside of another bicyclist.

Keep good control of your bicycle. Pedal along at a steady pace and do not weave in and out of traffic.

Steer bicycle with both hands except when making hand signals. Do not hitch onto any moving vehicles.

## CHAPLAIN BIFFAR

How often during the past weeks have you heard the question: "Where did the time go? Whatever happened to 1970?" As we turn the page to another brand new year I think it would be fitting to give a sober thought to one of God's greatest gifts to mankind... Time! After all, only God can give us that. Friends can present us with a clock or a calendar but these do not make the minutes or the months; they only measure them. Time is like a thread reeling off a spool, spun by the hands of God. We have to seize it as it comes, and weave it into a worthwhile pattern. You never know when death, with one snip of the shears, is going to cut that thread and send us off to God for the inspection and judgement of our life work.

Too often at the turn of a new year it has been on acceptable occasion when a preacher is supposed to wear his extra long face, point a long bony finger and drone on in tones that sound like gravel falling on a casket; and then recite the long black litany of our misdeeds during the year just ended. But didn't we do a few good things too? Ah, but that would spoil the preacher's doomsday effect, like a line of blue birds starting to sing on a dead and withered branch.

Of course it is true that we all made mistakes during the past year. The memory of them ought to be a sobering and steadying influence on our future. It should not shake our confidence. Otherwise we are blowing taps over the grave of our hopes - and only our sins should be buried, not our hopes. . . . Nevermind the long and morbid autopsy of the year that is dead. This new year is a vote of confidence in you from Almighty God. It shows he still believes in you. He is giving you more time. And he doesn't want you to spend the golden present brooding over the tarnished past.

A new year is a new start. It is a command 'Forward March' with eyes front. For what can go forward if he insists on looking backward? He will only step into every hidden hole and every mud puddle along the way. Or you can put it this way: It is only by drawing away from the dirt and looking up that a lily becomes a lily. . . .

## Investment Security Course

The Kailua Community School for adults has announced the start of three Investment Security Classes. Two classes are in Kailua and one in Kaneohe.

The Kaneohe class will be held at the Kaneohe Library and will begin on Tuesday evening, Feb. 2, at 7 p.m. Classes will be held once a week for six weeks. It is tuition free and coeducational.

Kailua will have a morning class for ladies and an evening coeducational class, both tuition free.

The morning class called "Investment for Women" will be held at the Kailua Library starting Feb. 4, at 9:30 to 11:30 a.m. and will continue for six weeks.

The evening class called "Investment Securities" will be held at the Kailua Intermediate School, Room B-21, starting Feb. 4, from 7 - 9 p.m., for six weeks.

All three classes are designed to cover such subjects as Building an Estate, Fundamentals of the Stock Market, Reading and Interpreting the Financial Page, other related subjects.

Interested persons may enroll by mail, in person or by telephone at either the Adult Education Office, Kailua High School, phone 261-5846, or H. Kawano & Co., Inc., 602 Kailua Road, Wremco Building, Kailua, phone 261-0873.

## VA Pamphlets Available

Free pamphlets on veterans' government life insurance programs are available at Veterans Administration offices.

Each pamphlet contains a section on general information about National Service Life Insurance policies. Other sections cover designation of beneficiaries, optional settlements, and

total disability income provisions.

The VA stressed these pamphlets contain only general information, and that specific information about individual policies should be requested from the VA Center where the veteran's insurance records are kept (or personal affairs office).

Always give the following proper hand signals for turns and stops well in advance. These include the left arm extended out straight from the shoulder for a left turn; the left arm extended, and bent straight up from the elbow for a right turn and the left arm extended and bent straight down from the elbow for a stopping signal.

Before making a left turn, signal and then look back to be sure that a car is far enough away to make a safe turn, (this especially applies to bicyclists coming from Capehart Housing on Lawrence Road and turning left into the Little League Ball Park.)

Walk bicycles across busy intersections.

Place books and packages in a basket or saddle bags. Do not carry passengers, unless bicycle is designed and equipped otherwise.

If bicycling at night, be sure your white headlamp is operating properly and that you have a red lamp or reflector on the rear of the bicycle, (both have to be visible at 200 feet).

The brakes on a bicycle must be good enough to enable the rider to make the braked wheels skid on dry, level, clean pavement.

# Career Notes

Captain L. N. Hudson, the Brigade Retention Officer, has recently initiated his "Brigade Career Notes" Column. The column will be a weekly feature in the Windy.

Captain Hudson will be contacting Headquarters Marine Corps at least once a week for information concerning Marines Aboard the Air Station.

The following are the latest news briefs from HQMC:

As of this date, there are no figures on promotion to Captain for the month of February.

Results of the latest LDO Board should be out by mid February. Those persons concerned may call Captain Hudson at 73244. He will check the results of the board as soon as the results become available.

In all probability there will be a mandatory three month cut in obligatory service for all Reserve Officers coming soon.

For further information on these items, watch for future Career Notes columns or contact Captain Hudson in the Career Planners Office.

# PTA News

The Mokapu School PTA is planning a School Carnival on May 1, 1971. Volunteers are needed to help out in the booths. Also donations of the following articles are requested: empty spools, artificial flowers, ice cream barrels, cigar boxes, shells, small pieces of coral, rick rack, net, ribbon, lace, fur, material, glitter, sequins, buttons, beads, and small tuna cans.

Anyone wishing to help make the Carnival a success by donations of articles and/or time please contact Mrs. Skinner, 254-2295.

## New Assignments Announced By CMC

New assignments for four Marine Generals and one brigadier general selectee were announced today by the Commandant of the Marine Corps.

Major General Louis

### From The Bookshelf

New Books! New Books! . . . They are arriving at the Station Library.

#### NEW NON-FICTION:

Tropical Fish as a Hobby, (Herbert R. Azelrod); How Did Sports Begin? (R. Brasch); Scorched Earth, (Paul Carell); Sea and Earth: Life of Rachel Carson, (Philip Sterling); Gardening by the Sea, (Daniel J. Foley); Birth of GOD, (James Kavanaugh); Human Poisoning from Native and Cultivated Plants, (James W. Hardin); Mastering Witchcraft:

Other non-fiction books include: A Practical guide for Witches, Warlocks and Covens, (Paul Hudson); History of the African People, (Robert W. July); Understanding Modern China, (Joseph M. Kitagawa); Notes on the Cowardly Lion, (John Lahr); Pentagon Capitalism: Political Economy War, (Seymour Melman); New English Bible with the Apocrypha; Story of Weight Watchers, (Jean Nidetch); Oliver: Informal Portrait, (Virginia Fairweather); I Have Kept the Faith: Life of the Apostle Paul, (Emil G. Kraeling); Military and Politics in Israel, (Amos Perlmutter); and Hawaiian Chiefs' Children's School, 1839 - 1950, (Mary A. Richards).

NEW FICTION: Assassin, (Evelyn Anthony); Baldur's Gate, (E. Clark); Director, (Henry Denker); Man From the Mist, (M. Elgin); "The Bind," (Stanley Ellin); Whirligig, (Robert L. Fish); Battle of the April Storm, (Larry Forrester); Don Camillo Meet the Flower Children, (Giovanni Guareschi); Islands in the Stream, (Ernest Hemingway); Couch Trip, (Ken Kolb); and All the Best People, (Sloan Wilson).

The Tape Room is coming back to the Station Library. Special Services is constructing a new Air Conditioned room in the reading room section of the library. The facility should be ready in approximately three weeks.

Metzger is scheduled to relieve Major General Louis H. Wilson, Jr., as Commanding General, I Marine Amphibious Force/Third Marine Division. General Metzger has been the Deputy Chief of Staff (Research, Development and Studies) at Headquarters, Marine Corps since February 1968.

Brigadier General Donald H. Brooks, Special Assistant to the Chief of Staff, Headquarters, Marine Corps, will be General Metzger's relief. General Wilson's next assignment has not been announced.

Major General Robert P. Keller, presently serving as Commanding General, Fourth Marine Aircraft Wing/Marine Air Reserve Training Command, Glenview, Ill., will be assigned duty as Assistant Chief of Staff, J-3, Pacific Command. He replaces Major General Hugh M. Elwood, a lieutenant general nominee, previously announced to serve as Deputy Chief of Staff (Plans and Programs), Headquarters, Marine Corps.

Replacing General Keller will be Brigadier General Jay W. Hubbard, Director of Information, Headquarters, Marine Corps. No replacement has been named for General Hubbard.

Colonel Paul G. Graham, a brigadier general selectee, will assume duty as Commanding General, Force Troops, Pacific/Marine Corps Base, Twentynine Palms, Calif. Col. Graham is currently Commanding Officer, Marine Barracks, 8th and "I", Washington, D.C. He will replace Brigadier General Carl W. Hoffman, who has been selected for promotion to major general. The next assignment for General Hoffman has not been announced.

(Cont. from Page 1)

IS THIS ANY WAY TO RUN A BEAUTY PARLOR? . . . Wonders Lillian Morgan, hair stylist, as she watches Alfred Deluze (L.) and Cecil Hasegawa dispose of some wood. The Beauty Shop is being remodeled as part of a Public Works project to renovate Building 244.

## K-Bay Conservation Club To Begin Work On Proposed Park

The base conservation club has started work on a proposed park to be constructed across from Mokapu School near the handball courts.

In an effort to enrich the soil for the park, the club has

begun work on a compost pile, material which can be used as ingredients for a fertilizing mixture. Items such as cut grass, raked leaves, trimmed branches, broken palm fronds and discarded top soil are very useful.

K-Bay residents who would like to discard any such items may do so by placing them on the curb by 9 a.m. each Sunday morning. The Conservation Club will be making a pickup of all such material for use in the proposed park area and for home gardens.

The club will also pick up living plants to be replanted in the park. These should be planted in cans or milk cartons with good drainage, or the roots wrapped in burlap on larger plants. The club is establishing a plant nursery which will be used for the park, but also may be used by people in housing, preferably on an exchange basis.

The club meets at 9 a.m. every Saturday and Sunday morning at the old Mokapu School to work on conservation projects.

If you are interested in joining the club or just expending some energy on a worthwhile project show up on the weekend and you won't be disappointed.

## Have A Pet Charity? Notify The O'Wives

If any member of the OWC has a pet charity or knows of a needy organization aboard the Station, please notify Marge Amey, OWC Charities Chairman by Feb. 15, at 254-2735. She should be informed of all details in order to find out exactly what these organizations' needs are.

The selection of those to receive assistance is done by voting of all OWC members at the March luncheon, so don't delay in getting your suggestions in. It is your money, have a voice in how it is distributed.

Keep in mind that the nominations for the OWC board will be coming up at the April function and the voting will be in May. Remember in order to

participate in choosing your board you must be a member of the OWC.

The Mod Valentine Dance is getting closer. Don't forget to make your reservations at the club.

If there are any new women aboard the Station in your group be sure to inform your Aloha Chairman.

Ladies, at the February luncheon you will have a chance to submit any changes or suggestions you may have for the commissary or exchange to a committee consisting of a representative from the OWC, SNCO Wives Club and the Enlisted wife's club.

## S' Wives Host Coffee For Enlisted Wives

Wives of E-5 personnel and below are cordially invited to attend a coffee to be held at the SNCO Club on Wednesday morning, February 10 at 9 a.m. This coffee, given by the SNCO Wives' Club, is intended to serve as a springboard so that you can begin an EM Wives' Club here at K-Bay. For this dream to become a reality, it needs YOU. So please come along and bring all your ideas and suggestions.

Little ones at home? FREE BABYSITTING SERVICE has

been arranged with the Child Care Center for this day. All we need is a telephone reservation from you by February 5 to 257-2863 or 257-2149. If you would desire further information at this time, why not pick up the phone and dial Mrs. Flora Porter, a SNCO WIVES' CLUB member at 254-3132. She will be most happy to assist you.

Looking forward to seeing each and every one of you on the 10th and saying WELCOME in advance.

VMFA-122 HELPED BRING TWO MARINE CAPTAINS TOGETHER. . . when Captain B. P. Conway, squadron Administrative Officer, received his Captain Bars during a brief promotion ceremony. Captain Conway's wife, Captain "Wendy" H. T. Conway, Assistant Training Officer, helped Lieutenant Colonel L. Furstenberg, VMFA-122 commanding officer.

# PSB Wins Track Meet

## Second Place For 1/3

Taking five first place finishes, three in field and two in track events and four second place marks proved to be the margin of victory for PSB in the first 1971 Intramural Track Meet as PSB outdistanced 1/3 by 10 points to win the meet with 42½ points.

The PSB squad was consistent in both the field and track events taking first place in the broad jump, high jump, discus, 880-yard dash and the one-mile run. PSB saw second place finishes in the 100-yard dash, 220-yard dash, 440-yard relay and the one-mile relay.

A poor showing in the field events kept 1/3 away from contention for the championship. 1/3, with 32½ points in the meet, only had a third in the broad jump for field events but were able to place two firsts in the track events in the 220-yard dash and the one-mile relay. Second place finishes for 1/3 were in the 120-yard high hurdles, 880-yard dash and the three-mile run.

Station Operations placed third with 26 points, aided by first place finishes in the 100-yard dash and 440-yard relay. Operations made a fine showing even though the team was together only two days before the meet. Ops also had second place finishes in the broad jump and the high jump.

Individual standouts in the meet would have to go to Ron Kaylor, running for the MABS-24 team. Kaylor scored all of MABS points with a first place finish in the shot put with a distance of 41'2" and the pole vault with a jump of 11'6", tying the Station record.

**LAST ONE...** Walsh, from MACS-2, skims over his last hurdle while enroute to winning the 120 yard high hurdler in 16 seconds flat.

the discus, tossing the discus 107'2".

Jerry Cross, running for PSB, saw two first place finishes, one in the broad jump with a 19'1½" leap and the other in the discus with a fine throw of 127'4". Another PSBer, John Hernandez saw first place finishes in the 880-yard dash with a time of 2:00.3 and first in the one-mile run in a good time of 4:47.5.

Other track meets will be held sometime in February or March but no definite time has been set. Intramural track standouts will have a chance to go to Quantico, Va. to compete in varsity competition.

## Marina Re-opens

The K-Bay Marina is ship shape and ready for business beginning tomorrow. Everything has been repaired, painted and reworked. Marina crew members have spent two weeks completing extensive repairs.

Everything is well equipped for sailing, fishing and water skiing. The sailboat inventory includes two Rhodes/19's and two

Cal/20...ready to sail

Cal/20's in addition to many smaller catamarans. For the fisherman, the Marina has 14-foot aluminum boats equipped with 9.5 horse power motors.

Kaneohe Bay provided some of the smoothest water on the island and the Marina takes advantage of it with two water ski boats, a large selection of skis and a regulation slalom course.

For those interested in learning something new, our experienced instructors can get you started.

Dave Del Rosario, of Kaneohe Bay, is the Marina's water ski instructor. Dave has been water skiing for 15 years and is an annual performer in the K-Bay Water Carnival. Dave will get you off to an easy start on two skis, or if you have plenty of experience he'll show you how to ski without any skis. If you like trick or slalom skis, the Marina has a fine selection of those also.

Steve Harmon is the full time sailing instructor. He has worked at the Marina for two years and is well acquainted with all of the sailboats and their characteristics.

The Marina is open for business Wednesday through Sunday from 9 a.m. to 6 p.m. For more information please call 72219 for reservations.

## Bowling Notes

### KMCAS MR. AND MRS. BOWLING LEAGUE

The Hopefuls have what appears to be a dynasty as they retained their first place position with a 49-27 mark. Unpredictables and Puss N Boots have 41-35 for second and third respectively. Dilligas moved into the top five with a 40-36 tally with Two Couples in fifth position with 40-36 also.

Men's High Series went to Dick Hill with 569 and Chuck White took High Game with a 215 score. High Women's Series went to Mary Wheaton while rolling a 469 and Chuck's wife Linda took High Game with 171. Chuck and Linda White won the Roving Trophy with a combined score of 1207.

### KMCAS HANDICAP BOWLING LEAGUE

In KMCAS Handicap League Bowling action Tuesday night, Gene Kimber took high game and series honors with a 648/246. Rich Lorono was second with 615/223 and Ken Merchant had a 600/218.

In team standings Trophy House moved into a first place tie with Charlie Browns No. 1. Both teams are now sporting a 17-7 record. The Spoilers are in third with a 15-7 mark.

Vacancies do occur occasionally and anyone who wants to participate in the league should call Jim Russ at 7-2793 for more information.

### H&S BOWLING LEAGUE

Gene Kimber took high series with a 564/212 in Monday night H&S Bowling League action. Jim Jones, 544/222, Joe Reeser, 543/191, Bill Boston, 531/235, high game honors, and Keith Johnson, 528/210 were the top scorers in the league. The Mustangs held on to first place with a 38-30 record followed by Guns & Sons with 41-27. Needles followed with 38-30 total and fourth place went to Hustlers with 37-31.

Persons are still needed to compete in an expanded league starting in Feb. All Station personnel are invited to join. For more information please call SSgt. Hill at 72680.

**MANU ASING**, girls 11-12 backstroke winner, listens for her winning time of 1:41.7 Saturday during the swim meet at the Station pool. Manu, racing with Hawaii Swim Club, was one of over 125 swimmers in the meet representing Island-wide clubs.

*Southern Leaders Idle*

# Four Teams Seek Top Spot In IM Hoop Leagues

## Disbursing-1st Radio

Disbursing placed three squad members in double figures to grab their first victory of the season over 1st Radio 62-57. Disbo's Charles Council was top scorer with 22 points and Peter Jones and James Johnson contributed to the win with 13 points.

1st Radio's Scott Hakala was their top scorer with 14. Duane Crater and Bill Bylock added 11 and 9 respectively. The Radio squad has yet to win a game this year.

## 9th Eng-VMFA-235

In the second Jan. 20 game VMFA-235 pushed their record to 3-0 with a commanding win over 9th Eng. 88-51. Mark Mulder took 235 and game scoring honors with 24 points and Ralph Knudson shot in 16 to be the only scorers in double figures for the 235 team.

Jerry Williams was top Engineer point getter with 18. Earl Pickett added 10 in the losing effort.

## H&S Bde-VMFA-212

VMFA-212 stymied H&S Bde 83-48 to send the Brigade team slidding to the cellar with a 0-4 mark. Butch McGoon and Steve Slegers lead the field for 212 with 19 points apiece. Eleven players saw action for 212 and nine were able to see scoring figures.

Terry Sester was Brigade high point man with 16. Rich Harding and Ken Merchant had 12 and nine points respectively. The Brigade team saw five technical fouls at one time during the foul marred game.

TUESDAY NIGHT IM Basketball action saw VMFA-235 dump foul-troubled 1st Radio 77-68.

The Disbo team had only one big scorer in Peter Jones who put in 12 points in a very disappointing Saturday night.

## Dispensary-VMFA-235

Dispensary squeaked past VMFA-235 49-47 to knock 235 from the ranks of the undefeated Saturday night. Ron Kaylor and Ron Delork lead Dispensary point getters with 12 points apiece and Jack Childs and Bob Jessee aided the winning effort with 10 each.

John Blackman and Ron Knudson contributed 14 and 13 points respectively in their futile bid to keep all marks in the winning column.

## Disbursing-AMTRACS

A key basket in the closing seconds of the game by Don Lucas game the Disbursing hoopsters a narrow 55-54 victory over AMTRACS in the only Monday night IM Basketball game. Peter Jones was high game scorer for Disbursing with 22 points.

AMTRACS "Arkansas Swiz" Meadows had 12 points. Hugh Story and Lewis helped with 11 apiece. AMTRACS had a double technical foul with a few minutes left in the game, as they saw a seven point dwindle into defeat.

## VMFA-235-1st Radio

VMFA-235 was back on the road to victory, after their Saturday night loss, at the expense of 1st Radio 77-68. Mark

Mulder took game scoring honors, in the foul riddled game, with 35 points. The rest of the 235 squad scored evenly but special attention must go to Sam Cordova, Sam Lewand and Ralph Knudson for fine all around play. Free throws was the key factor in the game with 235 hitting 32-52 from the charity stripe. Fifty points was scored in the hour-long second half that saw three Radio hoopsters foul out and six technical fouls called against them.

Top Radio scorer was Scott Hakala with 31 and Bob Duffy was the other double figure scorer for Radio with 11.

## H&MS-24-MACS-2

H&MS-24 squeaked past MACS-2 60-58 to remain undefeated with a 4-0 record. The game was very close and MACS-2 tied the game once with five minutes remaining in the game. John Eades (14) and Carl Meir (13) were the top H&MS point getters. H&MS shot 40 per cent from the field and 47 per cent from the charity stripe.

Russell Gripp was top MACS-2 scorer with 21.

## IM BASKETBALL SCHEDULE

DAY	TIME	HOME TEAM	VISITOR
Today	6 p.m.	9th Eng.	VMFA-122
	8 p.m.	AMTRACS	Station Ops
Saturday	6 p.m.	MABS-24	9th Eng.
	8 p.m.	Station Ops	1st ANGLICO
Monday	8 p.m.	H&S Brigade	PSB
	6 p.m.	1st Radio	1st ANGLICO
Tuesday	8 p.m.	Disbursing	Station Ops
	6 p.m.	VMFA-122	MABS-24
Wednesday	8 p.m.	MACS-2	VMFA-235
	6 p.m.	VMFA-212	AMTRACS
Thursday	8 p.m.	1/3	9th Eng.

## MABS-24-1/3

MABS-24 won their first by defeating 1/3 55-52. Dana Yetton and Dale Bowers lead the MABS attack with 17 and 11 points respectively. With just ten seconds left in the game Ralph Whitmore made a key play for MABS by stealing a pass, getting fouled, and making two free throws to secure the victory.

The 1/3 record book seems to have been misplaced but a team spokesman said that Terry Spruehl was the high scorer for 1/3. The Grunts are now even in the standings with a 2-2 mark.

## ANGLICO-Disbursing

1st ANGLICO rolled on to a 4-0 record by dumping Disbursing 59-52 Friday night. Jerry Kern chimed for 21 points. Lynn McCall, top ANGLICO rebounder, saw double figures with 11 and Al Maddie hit for 10 points.

Peter Jones was the top game scorer for Disbo's with 26.

## PSB-9th Eng

With the aid of six double figure scorers, PSB knocked off 9th Eng. 86-62. Randy Silcox lead the charge with 20 points. Ron Trawick followed with 16, "Whitey" Whitehurst had 13, Gary Kunk 11 and Ziman had 10. Kunk and Whitehurst had 17 and 18 rebounds respectively. PSB coach named Silcox offensive player of the week and Ziman defensive player of the week for the undefeated PSB squad.

9th Eng.'s Jerry Williams lead all with 28 points and Earl Pickett hit 19.

## VMFA-212-Disbursing

VMFA-212 won their second game of the week by defeating Disbursing 86-43. Five 212 players saw double figures with Butch McGoon leading the bunch with 23. Steve Slegers (15), John Scott (14), Charley Ferrell (13) and Mike Aho with 12 were the other big figure scorers. Eight players scored in the game and 12 saw action on the floor.

Registration for all Station Little League players will be held tomorrow and Feb. 6 at the Jerry Coleman Little League Baseball Field. Boys are reminded to bring a parent and their birth certificates with them. Registration fee is \$3. A managers meeting will be held Feb. 11 at the 19th Hole Clubhouse. There is still a need for coaches, umpires and mothers are also needed as scorers. All interested persons are invited to attend the Feb. 11 meeting.

H.C. CURBRETH holds his recently acquired K-Bay Men's Golf Championship Trophy.

# Long & Short

## SPORT PARACHUTE CLUB

If you were outside Saturday afternoon you might have noticed parachutists in the vicinity of Pyramid Rock. These hearty souls were members of K-Bay's own Kaneohe Marine Sport Parachute Club. Twenty-six members are now actively participating in weekly jumps sponsored by the club. If this sounds interesting why not come to the Wednesday meeting at 6:30 p.m. in bldg. 713 (the first building on the right across the runway on Mokapu Road). Classes will start again soon and new jumpers, don't worry about equipment, it's furnished.

## JUNIOR & SENIOR LIVE SAVING CLASSES

Junior and Senior Life Saving Classes will be held from 4-6 p.m. in the Station pool soon. Junior classes will start Wednesday and last until Mar. 5 and Senior classes will start Tuesday and go until Mar. 4.

## SURF BOARD KITS AVAILABLE

Special Services now has surf board kits for \$39.95 at the hobby shop.

## K-BAY WOMEN'S GOLF NEWS

In women's golf last Thursday, Shirley Clifton took honors in the Ace of Aces play with a score of 99-24-75. A Tee of Green Tournament was also played with a one-half handicap. Charm Cottingham captured first place in "A" flight with 52½, Julie Gratz took second with 53 and Peggy Wells had 53½.

In the "B" flight, Leona Simpson carded a 53½ with Dottie Frey and Ruth Brown tied with 54½. "C" flight was won by Shirley Clifton with 50. Second place honors went to Ida Nielson with 56 and Joan Roe followed with 57½ for third.

## HAWAII MARINE BASEBALL

The Hawaii Marine Baseball Team will play Diamond Head Builders at SubPac field Wednesday at 7 p.m. Pitcher Mike McCormick will be starting against the HawMars. McCormick was the most valuable player in the Puerto Rican league last year.

## K-BAY MEN'S GOLF ASSOC. NEWS

The K-Bay Men's Golf Association held a very successful membership drive golf tournament Saturday. Over 60 member and prospective members participated. The Low gross winner was T.D. Maloy with a score of 72, lost low net was A. Sagui with 66, D. Lathrop followed with 67 and third place was T. Schmidt with 68.

## ALL-NAVY HANDBALL TOURNAMENT

The 1971 Hawaiian Area All-Navy Handball Tournament will be held this year Feb. 8-12 at the Naval Submarine Base Handball Courts. All entries must be submitted in writing to the Special Services Office, Naval Submarine Base, Pearl Harbor before 8 a.m. Thursday.

There will be a meeting for all participants at the Sub Base Gymnasium Meeting Room at 9:30 a.m. Feb. 5. If you can't attend the meeting please call 54283 or 54250 for the time of your scheduled match.

## SHOW & GO AUTO CLUB

The newly formed Show & Go Auto Club will hold their first organizational meeting Wednesday in hanger 101 at 7 p.m. Persons with all types of cars are invited to attend.

Sunday at 3 p.m. PSB will play at Ft. Shafter IM Basketball team in an intramural scrimmage in the Station Gym.

Captain Kenneth R. Burns completed the course prescribed by the Commander Amphibious Command, Pacific for Landing Force Planning. (RLT) Corporal Raymond E. Rowley placed 5th in the academic standings with a 90.33 average for the Nuclear, Biological and Chemical Defense Course. Lance Corporal Glenn A. Haley was promoted to his present rank.

### MACS-2

Receiving the Navy Achievement Medal with Combat "V" were: Major Bruce L. Shapiro (Gold Star in lieu of the second award); and Captain Robert R. Rebscher.

### MATCU-70

Captain Oliver F. Gour received the Navy Commendation Medal with Combat "V" for "performing his duties as Assistant Radar Officer and later Radar Officer in an exemplary and highly professional manner."

### 1st MarBde

Promoted to his present rank was Corporal David M. Land. Sergeant Richard M. Johnson was awarded a Meritorious Mast for performing his duties as Company Supply Sergeant of Company "C", 1st Batt. (Rein) in an "outstanding manner."

# Cost Reduction Program A Continuous Effort

The 1971 Resources Conservation Program (RECON), formerly known as the Cost Reduction Program, is currently entering the third quarter of fiscal year 1971.

The objective of the program, which includes all Station and Brigade units as well as all tenant commands aboard the Air Station, is to improve management and operating practices at all levels of the Department of the Navy and the Marine Corps and to report benefits from the actions which result in Cost Reduction.

Each individual unit has

been assigned a RECON coordinator whose job is to stimulate participation in the RECON Program. The coordinators will also be seeking out cost reduction items and beneficial suggestions within their department of offices and submitting individual savings actions in accordance with NAVSO P-2486.

All personnel, whether military or civilian employees, should keep in mind that practically any suggestion which might result in the accomplishment of a given task at a lower cost, or accomplishment

of a large volume of work without increase in cost can be reported and may result in cash awards. These suggestions, or ideas should be processed either by the unit RECON representative, or by the office of the Management Engineers, Bldg. 215. Dependents are urged to submit their suggestions through their command sponsors.

It is hoped the RECON program will stimulate the initiation and development of sound management action which will assure the attainment of requisite functional capability at a minimum cost. These objectives can be obtained by: Buying only what is needed to achieve balanced readiness, buying at the lowest sound price, reducing operating costs by adopting advantageous technological changes in a timely manner and improving management at all levels in all functions.

The Austerity Savings Program (ASP) is designed to stimulate frugality in the day-to-day routine management of personnel, equipment, supplies and money. This program, established by the Commandant in May 1969, encompasses areas of one time and or specific action which, under universal application, result in realized savings under \$100; savings of any amount other than realized savings such as cost avoidance or actions in which dollars cannot be readily identified but which result in better management practices and those actions which produce or result in a higher level of military effectiveness at no increase in cost.

This Austerity Savings Program was established as a complement to the RECON Program. It serves to enhance the overall aspects of cost reduction. Often times, it has been revealed, upon closer inspection, that many of the SASP items have been convertible to major cost reductions or cost avoidance methods.

Mr. Raymond Chun, the Station RECON coordinator reported, "We are behind in our efforts to meet this year's goal." Cost reduction is a continuous program. Last year, the Station succeeded in surpassing its savings goal of \$53,000.

However, as of this date, the Station has submitted only a small portion (approx. \$14,000) of the FY 1971 goal of \$62,000 to CMC.

The Commanding General, Fleet Marine Force, Pacific has also assigned 1st MarBde tentative RECON goals of \$55,000 for FY-71/73. It is hoped that all Brigade units will make every effort to meet the assigned goal as promptly as possible.

## Better Service From New Laundry Facilities

As reported in last weeks windy, the old washers and dryers are being removed from the barracks areas. Under a new contract with a different company, new washers and dryers should be installed within a few weeks.

As this equipment is brand new, it is anticipated that operation will be relatively trouble free and that service to

the customer will be greatly improved. In addition, the new contractor will have a repairman available on station to make immediate repairs to laundry equipment, should it become necessary.

Double load washers will be installed in the barracks to replace the single load washers being removed. The cost per run of the washers will be 25 cents, which is an increase of 5 cents over the former price, however, approximately four additional pounds of laundry can be washed in the new, larger capacity machines. The cost per run for the dryers will be 10 cents for twenty minutes, which is a price reduction. The cost was formerly 25 cents for thirty minutes.

Also, the Launderette Facility is presently closed for renovation and installation of new equipment. When it reopens, in approximately three weeks, the extended hours will be from 8 a.m. to 9:30 p.m., seven days a week. This is an increase of five and one-half hours a day. An attendant will be on duty at the Launderette from 1 p.m. to closing on week days, all day on Saturdays, and from 1 p.m. to closing on Sundays.

The Launderette Facility will charge 25 cents for the double load washers, 50 cents for the triple load washers, 10 cents for a 30 pound dryer and \$2 per run for a Dry cleaning machine.

During the period of time that the washers and dryers are out of service in the barracks and launderette area, the Exchange will offer a one-day special on rough dry laundry service at the Main Exchange Laundry Facility and the Merchandise Store in the Hangar Area, Bldg. 301.

(Cont. from Page 1)

## Wife

in Hawaii.

She has talked and modeled on television for fashion shows, taught in Sunday School before children, teens and adults and given numerous first aid classes. She has lectured at Wives Clubs gatherings, dinners, PTA meetings, and many hospitals to nursing aides.

Her personal interest is evidenced by the many "little" ways in which she helps her patients. Entirely on her own time she shops or writes letters for them, sits with them, talks to worried relatives in other cities, visits them at home after their discharge, even nursing them at home or taking them for an outing, all this is in addition to her activities with the Red Cross, Girl Scouts, PTA, and church, as well as caring for a happy family with three children.

Jan dismisses all of these acts with a modest statement, "But there was no one else at the time to do them. I just happened to be there."

The members of the Wives Club feel that this is a sign of her unflinching concern for people, and that in communities from New Jersey to Florida and now here in Hawaii, Jan has made a unique contribution to military-civilian relations.

## Early Outs For Sky Marshal Duty Gets Okay

According to a recent Marine Corps Bulletin Jan. 5, 1971, the "Sky Marshal" program is a special recruiting program which will be accomplished under the existing Civilian Police Recruiting Program outlined in MCO 1910.26A.

The program offers employment as a customs security

officer in civil service grades GS-4, 5 or 7 depending on the qualifications of applicants.

The first class of trainees began on Nov. 30. Subsequent classes have been scheduled weekly thereafter.

The Bureau of Customs is recruiting from many sources including the military services and

applications will be processed in the order that they are received.

About 2100 security officers will be hired to enforce complex customs and related laws to deter smuggling and pilferage and to detect and prevent criminal acts at airports and in-flight on U.S. flag air carriers. These officers will replace temporary

agents now riding as armed guards. New marshals will be used at key "gateway" airports around the country. Two out of every three months will be spent flying.

Qualified military personnel may apply. Once accepted by the Bureau of Customs, the applicant is eligible for early separation in

accordance with criteria given in MCO 1910.26A.

Personnel who believe they are qualified for this program must request to be administered a civil service examination. K-Bay Marines may obtain applications for the civil service test from the K-Bay civil service office, Bldg. 267.

NEED A LIFT? Our Windy girl says, "See you Sunday at the Wheels of Oahu road ride." There will be fun and games in Aiea State Park for everyone. The group will be leaving 8:30 a.m. from the New Mokapu School, and will return by dusk.

### GI Bill Education

## More Than 11,000 Vets Study Outside the U.S., VA Says

WASHINGTON (AFPS) — The Veterans Administration today reported more than 11,000 persons trained under the GI Bill outside the borders of the 50 States during fiscal year 1970.

Of these, 10,410 were veterans and 621 were servicemen. The figures for fiscal year 1969 were 8,264 and 203, respectively.

The 7,653 trainees who studied in Puerto Rico last fiscal year comprised the largest single group to study beyond the state borders of the U.S.

VA noted 3,144 trainees studied in foreign countries—almost half (1,522) were enrolled in the Philippine Republic, 399 studied in Canada, 203 in Mexico, 175 in the British Isles, 168 in Germany, and 677 in all other foreign countries.

Veterans earn GI Bill educational benefits if they are discharged under other than dishonorable conditions after at least 181 days of continuous active military duty, any part of it after Jan. 31, 1955.

They also are eligible if discharged because of a service-connected disability.

The Administrator of Veterans Affairs, Donald E. Johnson, under law may deny or discontinue educational assistance for a veteran to attend a foreign school if he feels it is not in the best interest of the veteran

or the United States government.

Except for this restriction,

VA stressed that an eligible person may attend any foreign institution of higher learning that accepts him. The law does not allow study below college level in foreign countries.

VA urged veterans living in foreign countries and interested in educational benefits to apply at the nearest American Embassy or Consular office—or to the VA regional office in Manila, if they live in the Philippine Islands.

Veterans in the United States were advised to contact their nearest VA office if interested in studying in a foreign country. Men and women on military duty should apply through their service departments to the Veterans Benefits Office, 2083 M Street, N.W., Washington, D.C. 20421.

## O Club Features Rainbows

TONIGHT: Once again the "O" Club features Mixed Happy Hour from 4 to 7 p.m., with pupus at 5 p.m. Dinner is served from 7 to 10 p.m. Try our "Special," Top Sirloin at \$3.95 - received many compliments last weekend. The entertainment will commence at 8 p.m. on the Lower Lanai with the RAINBOWS.

SATURDAY: The Package Store opens from 10 a.m. to 4:30 p.m. The Dining Room serves from 7 to 9 p.m., serving the

popular Broiled Lobster Tail, and if you have not done so already, the "Special" - Top Sirloin at \$3.95 is really worth a try.

SUNDAY: It's a day of relaxation - bring the entire family for Prime Rib Buffet served from 6 to 8 p.m. and give mother a break.

MONDAY: The TAPA and Dining Room are closed. The Package Store and Accounting Office are open until 4:30 p.m.

As of March 31, 1970, there were 169,019 Marine Corps dependents throughout the world. Of this number, 158,739 were located in the continental United States; 143 were in Alaska; 6,266 were in Hawaii; another 568 were in other U.S. territories; and 3,303 dependents were located in 79 foreign countries.

**THE COLD HARD FACTS.** . . On Friday, Jan. 15, a 1967 Sunbeam Alpin swerved from the outboard lane at Mokapu Curve into the path of a 1962 Rambler Sedan, resulting in a serious collision. Remember, driving defensively means watching out for the other guy.

## DoD May Recommend Pay Hike For Enlisted Personnel Under-2

According to a recent article from Navy Times, Defense may recommend a raise for enlisted men with fewer than two years of service far higher than the 20 percent already proposed by the administration.

Officials say they believe that one of the reasons Congress showed no interest last year in the 20 percent pay raise for the new men was that it wasn't enough. So now they are thinking of sweetening the pot.

The President's Commission on All Volunteer Armed Force - the Gates Commission, recommended last February that a near 100 percent increase in basic pay be given all men in the first two years of service, effective last July 1. This would have included

young officers as well.

Since the Gates commission made its report the entire force has received pay raises of 8.1 percent (effective Jan. 1, 1970) and 7.9 percent effective Jan. 1, 1971.

So with even a 20 percent pay hike, the increases would total less than 40 percent from the base used by the Gates commission.

Defense officials say that to give the kind of raise Gates talked about would cause pay inversions in both longevity and promotion steps. This means that junior men would get more than their seniors and the pay line would be distorted.

So if they give the bigger raises to the young officers and

men they would have to make some other adjustments along the pay line.

The Administration had planned for the 20 percent pay raise for enlisted men with fewer than two years of service to become effective Jan. 1, 1971.

The annual cost would have been between \$450 million and \$500 million.

If the administration sets a new starting date, say July 1, 1971, then it would have saved half of the increases greater than 20 percent.

Under a Defense pay proposal submitted to the House Armed Services Committee last summer (it had not yet received final administration approval) enlisted men with fewer than two years of service would have received basic pay hikes ranging from 11 to 62.9 percent. The higher amount would have gone to E-2s with less than two years of service. There were raises of 13.6 percent and 9.6 percent for O-1s and O-2s with fewer than two years of service. There were smaller raises for other officers and enlisted men with more years of service.

In Defense's submission to the House committee, brand-new E-1s would get \$224.10 in basic pay compared to the present \$134.30 and new officers in O-1 would get \$474.30 compared to the present \$450.60.

Defense emphasized to the committee that "this DoD proposal is under review within the Executive Branch. Necessary coordination within the Executive Branch must first be completed to determine that the proposal is in accord with the program of the President."

Personnel are needed to control traffic and pedestrians at the Waialae Country Club during the Hawaiian Open Golf Tournament.

Interested persons may contact Bob Harding at 422-6941. Free aloha shirts will be given to those wishing to assist.

## Maj. J. C. Reynolds Bronze Star Recipient

Major J. C. Reynolds, who served as Base Services Officer at Chu Lai Air Base in Vietnam, was presented the Bronze Star Medal here Jan. 26.

The presentation was made during an informal ceremony by Brigadier General V. A. Armstrong, Commanding General First Marine Brigade.

Major Reynolds, currently serving with Marine Air Base Squadron 24, (MABS-24) as Base

Services Officer, was awarded the Bronze Star Medal "for meritorious service in connection with combat operations against the enemy in the Republic of Vietnam" from January to September 1969, and for meritorious service in Japan from September to December 1969.

As Base Services Officer with the First Marine Aircraft Wing at Chu Lai, "he ably managed the activities of his sub-units. Working tirelessly and

## Photo Lab To Open

A photo lab is expected to open at the Special Service's hobby shop sometime within the next two weeks.

Corporal Fred J. Inman, whose MOS is aerial photography, will be the lab's supervisor. Even, though, he's been away from lab work for about two years, he says he's really interested in getting set up and going back to the darkroom.

Inman is busy now cleaning up the two rooms, one is approximately 4'x8' and the other is about 6'x10', which will house the materials necessary for full black and white capabilities. They have six roll film developing tanks and two 4x5 developing tanks, as well as three enlargers and the paper developing facilities to handle approximately 8"x10" prints.

There are still some problems to run through the "fixer," but Inman is confident the lab will be ready for operation within two weeks.

## Pacific Band Performs

Marines had a special treat in their messhalls here recently when a Navy band visited for the noon meal.

The commander Navy Air Pacific Band from the USS NEW ORLEANS, under the directorship of George D. Ball, Musician Chief, played a variety of popular and lively music.

The band was formed in San Diego last December to perform for the recovery ceremonies of the Apollo 14 moonshot scheduled

Jan. 31. Recovery of the three-man crew is expected to take place Feb. 9, after which the band will provide music on the ship enroute to San Diego.

The 23-piece band was booked into the messhall by the Public Affairs Office to give the Marines a taste of the long-gone "big band era" sound.

As one young Marine mimicked with enthusiasm: "For your dining and listening pleasure—far out!"

THAT BIG BAND SOUND

Maj. J. C. Reynolds

with meticulous attention to detail, he implemented sound operating procedures, expanded maintenance programs, and ensured that construction or repair projects were completed according to established priorities. In addition, he initiated many improvements in laundry and billeting services and established a reliable portable water system," stated his citation.

Late in September he deployed to Japan as Executive Officer of Marine Air Base Squadron 15. With "exceptional knowledge concerning logistic support operations, he updated command policies and directives to conform to new requirements and assisted in developing effective training programs."

## SecNav Awards MUC To Marine Guard Unit

The Secretary of the Navy has awarded the Meritorious Unit Commendation to the Marine Guard Detachment, Amman, Jordan for meritorious service in support of the United States Embassy against fedayeen groups during the period Sept. 17 to 30, 1970.

The citation said in part: "When the Embassy was isolated from the forces of the Jordanian Army and defended only by a small detachment of Bedouin guards, the men of the Marine Security Guard Detachment behaved with great courage, coolness, and confidence.

"The Embassy was under continual mortar, heavy machine gun, and sniper attack throughout the period, and it was essential for the Ambassador to have communications with Washington during this crucial time involving a country with which the United States had maintained the closest relations over a long period of time.

"Radio communications

with Washington were maintained due to the unrelenting efforts of the men of the Marine Security Guard Detachment as they voluntarily obtained supplies of fuel for the generator to keep the radio in operation.

"Accompanied at times by Embassy officers and Bedouin guards, and at other times alone, these Marines nightly risked their lives out in the heavy continuous firing to find the essential fuel and to provide the Embassy with water and food.

"Equipped with only carbines and pistols, and facing an enemy which was armed with automatic weapons, including Kalashnikov rifles, these men were foraging for supplies and exposed to fire while on the unprotected roof of the Embassy refilling generator fuel tanks.

"Although in the main assault the Bedouin guards were able to drive off the fedayeen and inflict considerable losses on the, the Marines were ready to fight to the end to protect the civilian staff."
