The Commandant of the U.S. Marine Corps, Gen Robert E. Cushman, will be visiting K-Bay, Hawaii, for a four-day tour of the Pacific at 10:30 p.m. He will then proceed to Keonehoi for a briefing on the 1st Marine Brigade and the 3rd Naval District at 3:30 a.m. Prof. Karen Towner will join him at 3:15 a.m. P.M. to begin their tour of the beaches, followed by a visit to the new Beach House at 11:30 a.m. Following lunch at the Constitutional Officers Mess from 11:30 to 1:00 p.m., he will be taken to the briefing for the Shoebottom, the new expansion of the Shoebottom hotel at 1:05 p.m. Next, the itinerary will be a visit to the Staff NCO Club at 1:20. He will then travel through the Housing area en route to the Rifle Range with support of the 3rd Battalion and Enlisted Homes of the month at 3:20. After leaving the Rifle Range he will visit the 3rd Marine Regiment's field meet at 3:20. Next course a visit to the Enlisted Club at 3:35 followed by a trip to the Marine Unit at 4:25. The official party will exit the Marine Unit at 5:00 and be back in place for the visit to the 3rd Naval District at 5:05. The official party will then return to the Staff NCO Club at 6:00.

ComSpit Marines earn the MUC

The Meritorious Unit Commendation is awarded to ComSpit, the Marine Corps' weekly newspaper, by the Commandant of the Marine Corps. The citation reads, "The final stage of reduplication of U.S. Marine Corps units is a highly skilled task requiring the cooperation of many combatants and the conscientious and careful work of communications officers. The award is in recognition of exceptional performance, teamwork and cooperation of all personnel involved."

"With well-planned professional skill, the transition was completed with unbroken separation communication. The resultant capability of the airborne unit is higher, more efficient, and to a large degree, communication to Headquarters, III Marine Amphibious Force, and later to Headquarters, Third Marine Amphibious Force, the entire U.S. Marine Corps has been made available.

"This award is the result of the hard work and dedication of all members of the ComSpit staff. It is a well-deserved recognition of the outstanding performance of our unit.

Watch out for kids

"To the parents of the children still playing in the street, we say: Watch out for kids!" This slogan is aimed at the children playing in the streets during the upcoming summer months. According to the United States Traffic Safety Commission, nearly one child is killed every day in the United States. The commission urges parents to take precautions to prevent accidents and to ensure the safety of their children.

Summer ads

Youth fill jobs

Local high school and college students will be working here this summer as part of the summer youth employment program. The program is being held every year, and is designed to provide job opportunities for young people, ages 16 to 21, who may otherwise be difficult or impossible to find jobs during the summer months.

Several of the youths are filing in for regular employees who will be taking their seasonal vacations. According to Mr. Roy King, the Youth Job Council, the job skills include cleaning and general office work, farm work, and tree planting. Several young people are also needed for maintenance work, maintenance work, and retail work.

The following people are currently working: Gerry J. Alina, NCO, E-4; Robert E. Akau, NCO, E-4; Priscilla Almeida, NCO, E-4; Raul A. Aviles, NCO, E-4; Micah Elston, NCO, E-4; Arnold B. Brassard, NCO, E-4; Olyne Cooper, NCO, E-4; William C. Dinan, NCO, E-4; and Smith A. Johnson, NCO, E-4.

NR Boxing

Provisional Services Battalion is to stage "The Iron Man Match" to be held at 8:30 a.m. on the Makapuu School Beach on the first day. Boxing gifts will not be needed on the first day.

Do it right for summer fun

Just three more days until the beginning of summer break! The Commanding Officer, Capt. and the C.Q.M. program. All students, including Marines and non-Marines, are invited to participate in the C.Q.M. program. The C.Q.M. program will begin at 8:30 a.m. on the Makapuu School Beach on the first day.

Staff Wives attend classes

For years, some of Marines have been unable to take a part in the Wife Corps' classes, to provide that part later in the year. This year, they joined in the activities of their husband's classes.

Pot of a week's worth of classes, "Women's Day," will be selected from the classes taken by the students to provide information on medical benefits, pay and allowances, general discussion period, and a tour of the base and its facilities.

Because it is received an early summer, "Women's Day," will be selected from the classes taken by the students to provide information on medical benefits, pay and allowances, general discussion period, and a tour of the base and its facilities.
On the Ft DeRussy beach there is lots of good fun. You can be around, "hang-up", inside the windlass tent or just walk the beach. You can pork out of the three the photographer was doing. (pictures by Sgt Bob Nash)

Viewpoint: at Pollock Field

I would appreciate some reasonable answers to a few questions in regards to the internatinal Softfield field.

The present telephone numbers may change but the service will be the same. The convening dates for the Roll Call will be held from 4:30 on.

**Problems**

How would you like to get away from it all? Or how would you like to suggest a place that can offer you a few days of the best of the best of Ft DeRussy and relax and get away from the everyday work. It's located in the center of Walla Walla. You will find them here less than 10 a day, including newsmen and the entertainment, it's the Armed Forces Recreational Center (AFRC) at Ft DeRussy and it's open to all retired and active duty Military personnel regardless of rank.

What's so special about this Ft DeRussy place, you ask? Well, for one thing, it's off the beaten path and the service can afford. This includes both married and single personnel.

You can take leave of, if you can't just spend a weekend there. Reservations can be made up to six months in advance of the date you wish to stay from any period up to seven days. After that time, the AFRC officers or the Person on Rest and Recreation (RAR) will make arrangements for your lodging. The rooms range in price from $3.40 to $5.40 a night. (Keep your eye out for the "Chair" and "Dine-at-Your-Own-Rate"

You don't have to come back to base that night, you are in the service. You can get away from all your problems.

The enlisted men (2-8 MP's) are separate from the Officers. There is a separate dining hall for them.

If you have room and it makes you feel good, you can return to get your bag and get a quick bite to eat before going to bed. You can wake up and want something that will stick to your ribs and your stay is not cut off.

**Special Services answers**

On May 2, Public Works replaced 22 lights at Pollock Field. On May 19 they notified that twelve more lights will go out. These 1500-watt light, which Public Works don't need as they are now open purchase. It might well be remembered that these lights have been on for 15 hours each day for local security of Marines coming from the Pollock Field;

The entrance road to Pollock Field was improved at the start of the shortened Softball season. Special Services has only a few hours for this kind of project.

There were several students at the present location to afford a better dining facility and to eliminate the congestion that occurred at the dining during last year's season.

**Attend college under NESEP**

The Navy Enlisted Scientific Education Program (NESEP) provides enlisted Marines with four years of tuition and college study in science, engineering or mathematical fields.

Graduates receive a commission in the Regular Marine Corps and have at obligation of six years' service in the Corps. Marine Corps cadets who wish to enter colleges in the fall of 1973 under NESEP must have their applications submitted to the Marine Corps Officer Candidate School located in Arlington, Va.

**Capsule Briefs and Benny's**

**WAREHOUSE HOURS CHANGE** — Beginning July 6 & 7, Special Services Warehouse hours of operation will be three days a week.

**WAREHOUSE HOURS** — Special Services has moved their offices to the 7th Floor. The present telephone numbers are 71350 and 73820.

**STATE FAIR TICKETS** — Special Services has tickets for the 50th State Fair to be held Friday, July 16, 50 EE, and 73505 or 73616 for more information.

**WV ACTuESSES** — WM pm now allowed to participate in Field Training exercises but only at voluntary activities.

**AIRSHIP PROGRAM** — Applications for the 1973 Norcrosch program will be required so that the NACO can submit the proper form to the McChord Liaison Office.

**THE WINDWARD MARINE**

Volunteers are needed in all grades to continue the security patrol of the six-month Windward Marine Security Guard School located in Arvlington, Va.

**EMBASSY DUTY** — There is a critical shortage of Marine Security Guards to fill the 450 slots in the six-month Windward Marine Security Guard School located in Arvlington, Va.

**Retirement PROVISIONS CHANGE** — A day is waiting to retire or transfer in the Fleet Marine Forces Reserve after it must have served at least one year on the active list. This change is effective July 1, 1971 and the Marine Corps Reserve slopes in by the end of June.

**RETIRED MEETING PROGRAM** — The retirement program period for corporals will be in August. Lance corporals must have a date of rank of Nov. 30, 1971.

**MPS study people problems**

Have you ever wondered why some people are so hard to get along with and respect and dignity? Maybe it's because they are being social and good-natured, and don't make you feel they are being cold or offensive.

To insure this is not one of those problems, especially if you witness it, there will be a two-day seminar, held last week, held for them by LtCol John W. Yamahl, MPS, Nebraska Reserve and Maj Edward Cleveland, of the 1st Marine (Nepal's People Training Unit).

The seminar covered several areas of human relations, cultural and ethnic groups, and the lack of communication among racial, social, and age groups.

These seminars, when blanks get each other the "lay-up" they are looking for, and are attended with whom the session and often groups with who have had it, can have an affirmative benefit but significant meaning.

For more information on this seminar, contact the Marine Staff Group.

**Birthday tomorrow**

I join the officers and men of Fleet Marine Force Pacific (FMFPac) in wishing our good friend, Edward D. DeRussysa, Commander of the Marine Air Wing attached to the 1st Marine Aircraft Wing (Forward), a very Happy Birthday.

Weekend plans include a visit to one of your favorite places to relax and enjoy each other's company.

**For your information**

**GOVERNMENT, THE WINDWARD MARINE**

The present telephone numbers might be affected in very different ways. The convening dates for the Roll Call will be held from 4:30 on.

**Military courtesy is an everyday affair**

The Liberty Bell banter the sound of that gun. They were ready to come and from Ft DeRussy, giving you the transportation you need. (Check the Transportation Office for schedule)

So, there you have it. All you need is a military ID card. While others from the remainder spend thousands of dollars in making sure they are doing the same, at prices that fit your budget.
Attention Careers Column? This week's mild girl, Susan Sherrill, will be on hand at the next meeting of the Studio Photo Club, Thursday at 7:30 p.m. The location: Sunny South Bldg, 3rd floor. Notice will be given with a mailing demonstration. The meeting will be held in the Midas-Twenty Tires Room, Bldg 361. (photo by Jim Webb, Studio Photo Club president)

Cyclists ride for Cancer
by Tom Baus

Workers of hard work and planning here at K Bay have finally accomplished a lifetime dream between motorcycle riding and cancer.

Dr. Kazuhide Tani of the Oda Motorcycle Club is sponsoring a Benefit Open Invitation Moto-Cross Rally at K Bay’s Moto-Cross Track Sunday, with the proceeds going to the local Japanese Chapter of the American Cancer Society.

The event, comprised of one race, will be held in two parts, with all proceeds going to the same organization.

First, second, and third place trophies will be presented to the top three riders, with some cash and prizes going to the two riders who will come in at the top five finishers.

The “Wheel” of Oda Motorcycle Club members consider themselves privileged to be able to contribute to such a worthwhile organization as the American Cancer Society.

The event, comprised of one race, will be held in two parts, with all proceeds going to the same organization.

The event was held on a perfect day for motorcycles, with the sun shining brightly and the temperature just right. The riders were in great shape, and the event was well-organized.

The rally was a huge success, with over 1,000 people attending. The funds raised will go towards the American Cancer Society's mission to find a cure for cancer.

Ladies have no alibi

K-Bay’s Lady Cyclists played a 9 a.m. Townsend on Thursday.

In B Flat: first place went to Sandi O’Malley, second to Mahe Russell, and third to Corrie Moore.

In B Flat: first place went to Law Murphy, second to John Stout, third was a tie between Corwin Hewson, Anne Greg and Annelied Anderson, all with a 50.

In C Flat: first place went to Sandy O’Malley, second to Adel Stewart, 100, and third was a tie between Corwin Hewson, Anne Greg and Annelied Anderson, all with a 50.

NBA BASKETBALL PREVIEW K-BAY - Four members of the Milwaukee Bucks Basketball Team will be visiting Bay in June to attend some basketball games and to support the American Cancer Society. The members include: John Young (Forward), Larry Brown (Forward), Junior Bridgeman (Center) and Larry Bird (Guard).

The Bucks will be playing against some of the top teams in the league, and fans are looking forward to seeing these great players in action.
